<p>1 I know you've been deposed before so I'm</p> <p>2 not going to run you through all the rules that I</p> <p>3 probably did last time.</p> <p>4 Can you state your name for the record?</p> <p>5 A. Terry Collins.</p> <p>6 Q. Spell your last name?</p> <p>7 A. C-o-l-l-i-n-s.</p> <p>8 Q. Have you done anything today -- first let</p> <p>9 me backlog for a minute, and currently employed, sir?</p> <p>10 A. I'm the director of the Department of</p> <p>11 Rehabilitation and Corrections.</p> <p>12 Q. Would you prefer today for me to refer to</p> <p>13 you as Director Collins or Mr. Collins?</p> <p>14 A. However.</p> <p>15 Q. Or just Director, would that be okay?</p> <p>16 A. That's fine.</p> <p>17 Q. Director, have you done anything today to</p> <p>18 prepare for this particular deposition?</p> <p>19 A. No.</p> <p>20 Q. Have you spoken to Mr. Wille?</p> <p>21 A. Not today.</p> <p>22 Q. As you're probably aware, we've been</p> <p>23 doing a series of depositions within the last two</p> <p>24 weeks. Have you spoken to anyone whom we have</p>	<p>1 involved at that particular time.</p> <p>2 Q. Does anyone have the responsibility of</p> <p>3 reviewing an individual's medical records prior to</p> <p>4 the execution?</p> <p>5 A. Team does that. They do it upon arrival</p> <p>6 and that evening and then again the next morning</p> <p>7 actual visual.</p> <p>8 Q. Is there anything that anyone looks for</p> <p>9 in his records during the time period he's been</p> <p>10 incarcerated?</p> <p>11 A. I can't say. I don't know.</p> <p>12 Q. Is there anyone on the execution team</p> <p>13 that talks to the individual or in this case</p> <p>14 Mr. Broom's caseworker or unit manager just to get</p> <p>15 background information on him?</p> <p>16 A. I don't know.</p> <p>17 Q. When was it you went down to SOCF for</p> <p>18 purposes of Mr. Broom's scheduled execution?</p> <p>19 A. I arrived at approximately 7:15, 7:30</p> <p>20 that morning.</p> <p>21 Q. Prior to arriving had you received any</p> <p>22 updates concerning his particular status or the</p> <p>23 execution itself?</p> <p>24 A. No.</p>
Page 7	Page 9
<p>1 deposed in the last two weeks?</p> <p>2 A. Yes.</p> <p>3 Q. Was it about their testimony at the</p> <p>4 deposition?</p> <p>5 A. No.</p> <p>6 Q. Have you reviewed any written material in</p> <p>7 preparation for today's deposition?</p> <p>8 A. No.</p> <p>9 Q. On September 15 the State of Ohio made an</p> <p>10 effort to execute Romell Broom. Were you involved in</p> <p>11 that process, sir?</p> <p>12 A. I was there, yes.</p> <p>13 Q. What was your role?</p> <p>14 A. As the director of the agency I attend</p> <p>15 all executions.</p> <p>16 Q. Prior to attending Mr. Broom's execution</p> <p>17 did you do anything special to prepare for it?</p> <p>18 A. No.</p> <p>19 Q. Is there anyone in your agency that does</p> <p>20 anything special to prepare for each individual's</p> <p>21 execution?</p> <p>22 A. Preparation from the standpoint of</p> <p>23 getting them moved from either Mansfield or the Ohio</p> <p>24 State Penitentiary to Lucasville and the team that's</p>	<p>1 Q. Prior to your arrival at SOCF that day</p> <p>2 had you been advised concerning a statement that he</p> <p>3 had made that it would be -- that it previously had</p> <p>4 been difficult to insert IVs or draw blood from him?</p> <p>5 A. Not prior to.</p> <p>6 Q. At some time were you so advised?</p> <p>7 A. That morning.</p> <p>8 Q. Who was it that advised you, sir?</p> <p>9 A. I believe it was the warden.</p> <p>10 Q. Did that cause you -- was this in respect</p> <p>11 to, if you remember, with respect to an evaluation or</p> <p>12 assessment made of him or with regard to a statement</p> <p>13 that he himself had made?</p> <p>14 A. I don't know. Typically when I arrive at</p> <p>15 the prison, as I always do for the executions since</p> <p>16 I've been the director, I ask the warden how things</p> <p>17 are as a general overview, how the inmate spent the</p> <p>18 night.</p> <p>19 Other issues, any pending legal issue,</p> <p>20 anything pending in the courts, any potential of</p> <p>21 having to wait, and just in general discussion I</p> <p>22 think he mentioned there was some concern about at</p> <p>23 least one of the arms.</p> <p>24 Q. Do you yourself review the timeline for</p>

3 (Pages 6 to 9)

Terry Collins

<p style="text-align: right;">Page 10</p> <p>1 purposes of getting yourself up to speed, if I can 2 use that term?</p> <p>3 A. No.</p> <p>4 Q. I'm sorry, I know you testified as about 5 what time did you get to SOCF that day?</p> <p>6 A. Somewhere between 7:15 and 7:30.</p> <p>7 Q. Other than updating yourself, did you 8 have any particular duties or responsibilities that 9 you assumed when you arrived?</p> <p>10 A. Not anything different than usual.</p> <p>11 Q. Which would be? Other than what you --</p> <p>12 A. Sit and give advice.</p> <p>13 Q. Is there any particular issue that you 14 remember or was unique with respect to Mr. Broom's 15 case that you had to sit and give advice?</p> <p>16 A. Yeah, I was on the phone several 17 different times with the Attorney General's Office 18 and the Governor's Office about a stay that was 19 pending in the Sixth Circuit.</p> <p>20 Q. Was that matter eventually resolved that 21 day?</p> <p>22 A. About four hours later, yes.</p> <p>23 Q. When the stay issue was resolved what 24 action did you take at that point?</p>	<p style="text-align: right;">Page 12</p> <p>1 Q. What is the procedure, if you could 2 briefly with respect to the hour prior to the 3 execution, what goes on then?</p> <p>4 A. Hour prior to the execution is the final, 5 8:45 the visits stop. Then I start doing certain 6 things that are a matter of practice. I go to the 7 media center, speak to the reporters there. I then 8 go to the victim witnesses and spend some time with 9 them.</p> <p>10 And then I go over to the Death Chamber 11 and usually greet each one of the team members. And 12 then basically stand and chitchat with them until 13 they tell us that they're ready to start moving 14 witnesses.</p> <p>15 Q. And when they start moving witnesses do 16 you at that point move to a different location?</p> <p>17 A. Well, I'm always in the area that's 18 considered to be the Death Chamber, the annex. I'm 19 typically in the Equipment Room usually right before 20 they start moving witnesses.</p> <p>21 I call the Governor's Office and advise 22 them we're ready to start and I put a party on the 23 line to the Attorney General's Office.</p> <p>24 Q. In this particular case did you in fact</p>
<p style="text-align: right;">Page 11</p> <p>1 A. Started moving through the normal process 2 that we do.</p> <p>3 Q. What was the initial time he was supposed 4 to be executed that day?</p> <p>5 A. 10:00 a.m.</p> <p>6 Q. At that point since you were obviously 7 past 10:00 a.m. when you received the news, did you 8 set up a new timeline or a new schedule for purposes 9 of carrying out the execution?</p> <p>10 A. Basically we set up our timeline from the 11 standpoint of we told the Attorney General's Office 12 and the Governor's Office if we didn't have an order 13 from the court at 9:00 o'clock, we needed to stop.</p> <p>14 And because that's when we start various 15 action steps and that regardless of whatever time the 16 order came, we would basically pick up and start that 17 one hour at that particular time.</p> <p>18 Q. Do you remember the approximate time that 19 you received notification that the stay had been 20 denied?</p> <p>21 A. 12:30 to 1:30, somewhere in that area. 22 I'm not exactly sure of the exact time.</p> <p>23 Q. How were you notified?</p> <p>24 A. By phone call.</p>	<p style="text-align: right;">Page 13</p> <p>1 call the Governor's Office and tell them that you 2 were ready to start?</p> <p>3 A. Yes, I did.</p> <p>4 Q. Was that pretty much the sum and 5 substance of your conversation?</p> <p>6 A. Well, it's probably typical of the 7 conversation I have with the Governor's Office when I 8 make the first phone call that we're ready to start 9 moving the witnesses. They usually ask me if 10 everything's okay. I say yes.</p> <p>11 Q. And does that terminate the conversation 12 or is there a line kept open at all times?</p> <p>13 A. No, not kept open.</p> <p>14 Q. Is there a line kept open with respect to 15 your communications with the Attorney General's 16 Office?</p> <p>17 A. Yes.</p> <p>18 Q. In this particular case who was 19 responsible for maintaining that line?</p> <p>20 A. Ernie Moore, my assistant director.</p> <p>21 Q. At some point with respect to Mr. Broom's 22 execution or scheduled execution, with respect to 23 Mr. Broom's execution was it discovered that there 24 was a problem with drugs that had been prepared</p>

4 (Pages 10 to 13)

Terry Collins

<p style="text-align: right;">Page 14</p> <p>1 earlier that day?</p> <p>2 A. It was not a problem with the drugs. We</p> <p>3 discussed, the warden, myself, and I think</p> <p>4 Mr. Voorhies was in that discussion, and because they</p> <p>5 had mixed the drugs believing that we were going to</p> <p>6 start on time, that we felt it was best, and they did</p> <p>7 remix the sodium thiopental.</p> <p>8 Q. Let me go back. My colleagues have</p> <p>9 written me a note on a question I forgot to ask.</p> <p>10 When you spoke to the Governor's Office</p> <p>11 that day, if I could move back just a minute or two,</p> <p>12 who did you speak to in the Governor's Office with</p> <p>13 respect to informing them that it was time that the</p> <p>14 procedure was going to move forward?</p> <p>15 A. Jose Torres I believe.</p> <p>16 Q. Do you have a particular contact with the</p> <p>17 AG's Office with regard to you keeping an open line?</p> <p>18 Is it the same Assistant AG every time?</p> <p>19 A. I can't answer that. I don't know.</p> <p>20 Q. Do you know who Mr. Moore was having</p> <p>21 contact with on that day?</p> <p>22 A. All I know, it's a number that we call in</p> <p>23 the Attorney General's Office. I don't know who's</p> <p>24 there. I used to do that in my previous position. I</p>	<p style="text-align: right;">Page 16</p> <p>1 that there's a problem?</p> <p>2 A. I don't have a background in medical</p> <p>3 either, so, no.</p> <p>4 Q. I believe it was Mr. Voorhies that</p> <p>5 testified at one point that he went to the cell at</p> <p>6 the holding cell itself to ascertain if there was a</p> <p>7 problem. Is that your recollection?</p> <p>8 A. I don't know.</p> <p>9 Q. When you became aware that there might be</p> <p>10 a problem based upon your personal observations, what</p> <p>11 did you do?</p> <p>12 A. I asked to talk to the warden. I had a</p> <p>13 multitude of conversations during the time period</p> <p>14 with a multitude of different individuals.</p> <p>15 Probably the first one was -- probably my</p> <p>16 first conversation was actually with one of the team</p> <p>17 members who was in the room where I am in the</p> <p>18 Equipment Room just basically asking him did they get</p> <p>19 that particular vein, did it appear whether they had</p> <p>20 access.</p> <p>21 And they were gaining lots of access,</p> <p>22 they just couldn't maintain that access, from what I</p> <p>23 was told.</p> <p>24 So I don't know, it was at some point in</p>
<p style="text-align: right;">Page 15</p> <p>1 didn't know then who was in the room.</p> <p>2 I would call the number, they would</p> <p>3 answer, and I assume we were on speaker phone. I</p> <p>4 assume that's what we do now.</p> <p>5 Q. At some point during Mr. Broom's</p> <p>6 execution did you become aware that it wasn't</p> <p>7 proceeding as planned?</p> <p>8 A. Yes.</p> <p>9 Q. At what point was that, Director?</p> <p>10 A. I don't know what the specific time frame</p> <p>11 was. I'm watching the same as other people are</p> <p>12 watching. I'm watching a monitor. And watching them</p> <p>13 in the preparatory stage of preparing for the</p> <p>14 execution to gain intervenous access.</p> <p>15 And I watched them insert, pull a line</p> <p>16 over thinking they're going to have a viable vein,</p> <p>17 and a few seconds later put the line away and put a</p> <p>18 piece of gauze over it. But I don't know exactly</p> <p>19 what point that was. I wasn't watching time.</p> <p>20 Q. I have no background in medicine so</p> <p>21 you'll have to be patient with me.</p> <p>22 Do you have like a rule of thumb, for</p> <p>23 lack of a better term here, of how long you wait or</p> <p>24 how many efforts you see them make before you think</p>	<p style="text-align: right;">Page 17</p> <p>1 time I asked the warden about what was the team</p> <p>2 saying, what was their thoughts. But I don't know</p> <p>3 exactly when that was.</p> <p>4 MR. PORTER: Chuck, can you get your</p> <p>5 roster out there?</p> <p>6 Q. Director, would that have been Team</p> <p>7 Member No. 17 that consulted -- that you consulted.</p> <p>8 A. Team Member 17 is typically in the room</p> <p>9 with me. So I assume that it was.</p> <p>10 Q. Thank you.</p> <p>11 You said you consulted with the warden</p> <p>12 also. Can you remember what the warden told you?</p> <p>13 A. That they were gaining access but losing</p> <p>14 and not sustaining the access.</p> <p>15 Q. There's been testimony at some point you</p> <p>16 called a break; is that correct?</p> <p>17 A. That's correct.</p> <p>18 Q. And were you the one who actually made</p> <p>19 the call for a break?</p> <p>20 A. Correct.</p> <p>21 Q. How was the team notified you had called</p> <p>22 a break?</p> <p>23 A. I don't know how many conversations I had</p> <p>24 with the warden in between the time period before I</p>

5 (Pages 14 to 17)

Terry Collins

<p style="text-align: right;">Page 18</p> <p>1 told them that I wanted to take a break. I talked to</p> <p>2 the warden and said do they want to take a break.</p> <p>3 He said they've been asking the offender</p> <p>4 if he wants to take a break and he said no. I said</p> <p>5 did they want to take a break. He said no.</p> <p>6 So they proceeded on for a little bit</p> <p>7 longer. I don't know how many minutes it was. And</p> <p>8 then in another conversation with the warden I said I</p> <p>9 think it's time to take a break. I think we need to</p> <p>10 give everybody a chance to back up.</p> <p>11 The frustration was rising I think in the</p> <p>12 team in what I could see on the video, and at that</p> <p>13 point I said let's take a break for a few minutes and</p> <p>14 everybody regroup.</p> <p>15 Q. Did you do anything special during the</p> <p>16 break? Or let me rephrase the question.</p> <p>17 What did you do during the break?</p> <p>18 A. I talked to the team members. I talked</p> <p>19 to the warden. I talked to Mr. Voorhies. I think it</p> <p>20 was at that time that I called the Governor's Office</p> <p>21 and told them that we were taking a break, they were</p> <p>22 having trouble after gaining access to a vein</p> <p>23 sustaining that access to the vein, and we were going</p> <p>24 to take a break for a few minutes to let the team</p>	<p style="text-align: right;">Page 20</p> <p>1 That this was another legal challenge.</p> <p>2 That we were going to be deposed again. That they</p> <p>3 were going to be drug through the mud again.</p> <p>4 So they were really very, very, very,</p> <p>5 very frustrated because they like to be a hundred</p> <p>6 percent perfect a hundred percent the time.</p> <p>7 Unfortunately nobody is.</p> <p>8 Q. At some point the break ended; is that</p> <p>9 correct?</p> <p>10 A. Correct.</p> <p>11 Q. How was it decided when the break ended?</p> <p>12 A. I don't know if there was a decision.</p> <p>13 There wasn't a decision on how long we were going to</p> <p>14 break. I felt it was important to get them out of</p> <p>15 the holding cell, to stop the preparatory stage of</p> <p>16 gaining IV access and give them a chance to refocus.</p> <p>17 Q. Were they actually given the opportunity</p> <p>18 to walk out of the cell itself?</p> <p>19 A. Yes.</p> <p>20 Q. Just to get away from the environment?</p> <p>21 A. Yes.</p> <p>22 Q. Did the medical team members take --</p> <p>23 A. Yes. As I recall we went over into the</p> <p>24 J1 cell block, which is directly adjacent to the</p>
<p style="text-align: right;">Page 19</p> <p>1 take a break, let the offender take a break, try to</p> <p>2 reduce some of the frustration in the team members.</p> <p>3 And just talked to them. Not only the</p> <p>4 medical team members but other team members that were</p> <p>5 there too.</p> <p>6 Q. Can you remember who you talked to in the</p> <p>7 Governor's Office at that point?</p> <p>8 A. Probably Jose Torres. May have been Kent</p> <p>9 Markus, Governor's chief legal counsel.</p> <p>10 Q. You said you talked to the members of the</p> <p>11 medical team. Did they express any frustrations with</p> <p>12 you or tell you what the problems or the hurdles that</p> <p>13 they were facing?</p> <p>14 A. Well, they were frustrated because they</p> <p>15 kept saying that they were gaining vein access but</p> <p>16 then they couldn't sustain the access when they put</p> <p>17 the IV solution, I don't know whether that's the</p> <p>18 proper term for it, but what I call the slow drip bag</p> <p>19 to it. They were losing the vein.</p> <p>20 And they were concerned that they were</p> <p>21 going to be berated again, that they had failed me,</p> <p>22 that they had failed the Governor, and that they</p> <p>23 failed the state of Ohio, that we were going to be</p> <p>24 ridiculed again.</p>	<p style="text-align: right;">Page 21</p> <p>1 Death Chamber which is where the team stores their</p> <p>2 items and sits and relaxes as they switch off and on.</p> <p>3 Q. Did the -- my understanding there was a</p> <p>4 security team in the holding cell at that time, same</p> <p>5 time?</p> <p>6 A. There's always a security team there. I</p> <p>7 don't know, I assume that they backed out of the cell</p> <p>8 because there wouldn't be any reason for them to be</p> <p>9 in there when the medical group wasn't there.</p> <p>10 Q. Typically how many members of the</p> <p>11 security team will be in the cell when they're trying</p> <p>12 to establish IV access?</p> <p>13 A. I don't know. I never counted.</p> <p>14 Q. What occurred after the break ended?</p> <p>15 A. They continued to try to gain access.</p> <p>16 Q. Let me go back.</p> <p>17 Prior to the break you're able to see</p> <p>18 them attempt to gain access; is that correct?</p> <p>19 A. Via the video, yes. Closed circuit.</p> <p>20 Q. Was the access limited to Mr. Broom's</p> <p>21 arms at that point?</p> <p>22 A. Yes. Arms and they looked at hands. I</p> <p>23 don't know that they made any attempts to the hand.</p> <p>24 Q. Are you able to estimate prior to the</p>

6 (Pages 18 to 21)

<p style="text-align: right;">Page 22</p> <p>1 break of how many efforts had been made to access his 2 arms?</p> <p>3 A. No.</p> <p>4 Q. After the break at some point did Team 5 Member No. 17 become involved in attempting to obtain 6 an access, IV access?</p> <p>7 A. I don't know whether Team Member 17 was 8 before the break or after the break. I know at some 9 point he was in the holding cell.</p> <p>10 Q. If you remember did he actually attempt 11 to insert an IV himself?</p> <p>12 A. I think they all did but I wasn't 13 watching to see exactly who was. I assume he 14 probably did.</p> <p>15 Q. When 17 attempted to assist the two 16 medical members, was this something he did on his own 17 or was he acting on the direction of someone else?</p> <p>18 A. On his own I suppose.</p> <p>19 Q. During the break when you talked to the 20 medical team members were they still hopeful of 21 gaining access?</p> <p>22 A. Yes.</p> <p>23 Q. At some point during the break was 24 counsel for Mr. Broom notified of what was occurring?</p>	<p style="text-align: right;">Page 24</p> <p>1 A. Well, once I get -- once I have a warrant 2 for execution and once we start the procedure and 3 close the door and we start the preparatory stage, 4 then it doesn't stop until the Governor says stop. 5 And we don't let people in.</p> <p>6 Q. And just so we can use terminology, we 7 have the same terminology so it's easy to use or 8 we're using the same language, there was I guess what 9 I'd like to label as there was a first round of 10 efforts to obtain IV access, you called a break, and 11 then I guess if we can term it a second round, just 12 so we're using the same terminology.</p> <p>13 A. I wouldn't refer to them as "rounds."</p> <p>14 Q. Tell me what terminology you want to use 15 and then that's what I want to use.</p> <p>16 A. We had a break and then after the break. 17 But I wouldn't call it a round.</p> <p>18 Q. Okay. Are you able to estimate how long 19 that they, that the medical team continued to attempt 20 to gain access after the break?</p> <p>21 A. I don't know how long it was because it 22 was during that time that I was on the phone to the 23 Governor's Office once or twice. Then I was back in 24 J1 talking to Mr. Voorhies, talking to the warden,</p>
<p style="text-align: right;">Page 23</p> <p>1 A. I think it was at that break, yes.</p> <p>2 Q. And who was responsible for the 3 notification?</p> <p>4 A. Austin Stout, one of my attorneys.</p> <p>5 Q. Did Mr. Stout notify Ms. Shank at your 6 suggestion or defense counsel at your suggestion?</p> <p>7 A. I don't know whether it was my 8 suggestion. It was probably my approval. I'm not 9 sure whether I told him to or whether he asked me if 10 he should.</p> <p>11 Q. At that point did defense counsel 12 eventually enter the Death House, for lack of a 13 better term?</p> <p>14 A. I believe she did.</p> <p>15 Q. Was there an issue at that point of her 16 wanting to talk to Mr. Broom?</p> <p>17 A. I believe there was.</p> <p>18 Q. Could you, as you understand the issue 19 could you please tell us?</p> <p>20 A. I think she asked Mr. Stout to come back 21 and see her client, and Mr. Stout told her no. 22 Mr. Stout come and said to me she'd asked to come 23 back and see her client and I said no.</p> <p>24 Q. And the reason you said no was because?</p>	<p style="text-align: right;">Page 25</p> <p>1 and so I don't know exactly how long a time period it 2 was.</p> <p>3 Q. At some point did you all enlist the 4 efforts of a doctor there from SOCF?</p> <p>5 A. At some point they did ask the doctor to 6 come over.</p> <p>7 Q. Was that with your approval?</p> <p>8 A. No.</p> <p>9 Q. Who asked the doctor?</p> <p>10 A. I believe it was the warden.</p> <p>11 Q. And it's my understanding that the doctor 12 actually did come over; is that correct?</p> <p>13 A. Yes.</p> <p>14 Q. Were you able to determine what the 15 doctor did when she came over to the holding cell?</p> <p>16 A. No.</p> <p>17 Q. Is that because it wasn't visible in the 18 monitor or you were busy with other duties?</p> <p>19 A. I wasn't in the room to watch the 20 monitor. I never seen the doctor, or. Talked to the 21 doctor eventually back in J1 and I think that was 22 after she had been at cell front.</p> <p>23 Q. When you talked to her in J1 what did she 24 tell you?</p>

Terry Collins

<p style="text-align: right;">Page 26</p> <p>1 A. I was just asking her could she give us 2 advice on how we may proceed. I'd seen somebody 3 carrying out some warm towels and they said it was 4 suggested by the doctor. And that was pretty much 5 the extent of it. 6 Q. Did she have any advice on how to further 7 proceed or whether it was feasible? 8 A. No. 9 Q. Did you all have any other contact with 10 her that day? 11 A. No. 12 Q. Had you had prior contact with this 13 specific doctor? 14 A. No. 15 Q. So at the time you consulted her you were 16 probably having to introduce yourself for the first 17 time, correct? 18 A. Correct. 19 Q. As I'm well aware, you were consulting 20 with numerous individuals on that day, and I 21 understand that it's impossible unless you have a 22 100 percent memory to remember exactly who you told 23 what to, et cetera. So if you could just help me 24 with as best you can. I know it had to be a</p>	<p style="text-align: right;">Page 28</p> <p>1 I don't know exactly how long it was, I was calling 2 him back and said they're still trying but it's not 3 looking good. And I'm going to start thinking about 4 the possibility of asking the Governor for a 5 reprieve. 6 Q. I'm going to get ahead of myself with the 7 question now before I forget it. 8 Is this, are you able to -- if you're 9 familiar, your perspective, you're unable to gain 10 access and I understand from your prior deposition 11 that you're under a court order to carry out the 12 execution on a particular day. 13 Do you actually need the reprieve from 14 the Governor before you can declare that you're 15 unable to gain access? 16 Does my question make sense, do you want 17 me to try again? 18 A. Try again please. 19 Q. It's your duty, as I understand the 20 policy, to make the final decision of whether you're 21 able to gain access or not; is that correct? After 22 consulting with your staff? 23 A. As our policy says that if the team -- 24 first of all, the team has as much time as they need</p>
<p style="text-align: right;">Page 27</p> <p>1 difficult time. 2 You said you talked to the Governor's 3 Office once or twice? 4 A. I did. 5 Q. And this was after that initial break; is 6 that correct? 7 A. Correct. 8 Q. And who were you consulting with or 9 speaking with in the Governor's Office at that time? 10 A. I believe those conversations were with 11 Kent Markus, the Governor's chief counsel. 12 Q. What was the substance of the 13 conversations? 14 A. Well, I think the first one was that we 15 had taken a break, that I was going to be talking 16 with the team. 17 I think after we had discussions I went 18 back and had a second call with him saying that I 19 talked to them and they still believe they could get 20 access, but they have concerns because they're 21 gaining access but what they termed flashing out. 22 And that they couldn't sustain the access. And I 23 said that they were going to continue to try. 24 I think it was somewhere after that, and</p>	<p style="text-align: right;">Page 29</p> <p>1 to gain access. But if they have trouble gaining 2 access, they speak to the warden. 3 The warden then speaks to me and I start 4 talking with the Governor's Office about whether or 5 not a reprieve could be granted, should be granted, 6 or recommended one be granted. 7 Q. Has it -- and I could do this in a 8 hypothetical form, and if I can get by with doing it. 9 Have you ever thought there could be a 10 conflict, for lack of a better term, in that you 11 determining that it's unfeasible for the execution to 12 go forward and yet the Governor's reluctant to grant 13 a reprieve, what would you do in that situation? 14 A. Well, if I have an order to execute, it's 15 been approved through the courts, it's the law of the 16 state, I'm charged as the director to carry out the 17 law of the state. 18 The only person who can stop it then is 19 the Governor. So if the Governor would have said I'm 20 not granting a reprieve, then we would carry it on. 21 Q. I'm really not trying to make light of 22 your position, please don't take my comment that way. 23 But I gather it would be real important that you have 24 a good working relationship with the Governor in that</p>

<p style="text-align: right;">Page 30</p> <p>1 you be persuasive when you call him and say that</p> <p>2 it's, from your perspective it's unfeasible for the</p> <p>3 execution to go forward; is that correct?</p> <p>4 A. I would believe that to be correct, yes.</p> <p>5 Q. Thank you.</p> <p>6 At some point, Director Collins, was</p> <p>7 there a second break taken?</p> <p>8 A. Yeah, at some point there was a break</p> <p>9 taken, because I then gathered all the team together</p> <p>10 and we probably talked for, I don't know, five, ten,</p> <p>11 15 minutes, I don't know, maybe 20, about were they</p> <p>12 confident they could get a vein, were they going to</p> <p>13 be able to sustain the vein, did they want to go</p> <p>14 forward, did they want me to stop. Did they want to</p> <p>15 have further attempts.</p> <p>16 And I explained to them that I had no</p> <p>17 problem and had already talked with the Governor's</p> <p>18 Office about potential for a reprieve. And I had no</p> <p>19 problem calling the Governor and asking for a</p> <p>20 reprieve.</p> <p>21 The issue started surfacing again about</p> <p>22 we're not getting the job done, so to speak I guess.</p> <p>23 And I assured them that that wasn't a concern of</p> <p>24 mine. That we had a policy that said at some point</p>	<p style="text-align: right;">Page 32</p> <p>1 behind me and up above me were members of the team.</p> <p>2 But I don't know that to be fact. I know who was</p> <p>3 there with me and who I was speaking to and who I was</p> <p>4 seeking the information from.</p> <p>5 Q. During the course of the execution</p> <p>6 preparation on that particular day did you learn that</p> <p>7 Mr. Broom may have had a prior drug usage problem?</p> <p>8 A. Some of the team members, and I don't</p> <p>9 know whether it was at the first break or prior to</p> <p>10 the -- prior to the break or discussion with the</p> <p>11 warden or at some point in time I was told that he</p> <p>12 said he was a drug user I guess.</p> <p>13 I guess he's since recanted that</p> <p>14 statement. But I was told that during the</p> <p>15 preparatory stage of gaining IV access.</p> <p>16 Q. And you mentioned that he's recanted the</p> <p>17 statement.</p> <p>18 A. Uh-huh.</p> <p>19 Q. Did you believe that recantation had</p> <p>20 occurred on the day of execution or something that</p> <p>21 you've just heard of since?</p> <p>22 A. I don't know. I didn't hear that day</p> <p>23 that he changed his mind. I read it in the paper</p> <p>24 later that he changed his mind.</p>
<p style="text-align: right;">Page 31</p> <p>1 in time you can tell me and the warden and I'll</p> <p>2 consult with you all and eventually the Governor's</p> <p>3 Office.</p> <p>4 So during that discussion I guess maybe</p> <p>5 the clinch-pin to the whole issue that had me call</p> <p>6 the Governor's Office and ask for the reprieve was</p> <p>7 that they said even if they got the vein, that they</p> <p>8 were not sure that the vein would sustain through to</p> <p>9 the actual execution delivery of drugs.</p> <p>10 Q. When you consulted with the team was that</p> <p>11 somewhat of a unanimous consensus on that issue?</p> <p>12 A. Yes.</p> <p>13 Q. When you consulted with the team would</p> <p>14 that have been the entire execution team that was</p> <p>15 present or just the medical team, medical portion of</p> <p>16 the team?</p> <p>17 A. Well, the medical portion of the team was</p> <p>18 the group that I was talking with, but it's in an</p> <p>19 open area so I would assume there was other people</p> <p>20 behind me listening.</p> <p>21 We walked in the J block, walked down the</p> <p>22 steps of J block actually onto the range of J1 where</p> <p>23 there's some seats and I met with medical team</p> <p>24 members and warden and Mr. Voorhies. I suspected</p>	<p style="text-align: right;">Page 33</p> <p>1 Q. After you consulted with your medical</p> <p>2 team, at that point did you call the Governor's</p> <p>3 Office again?</p> <p>4 A. Yes, I did.</p> <p>5 Q. And at that point do you remember who you</p> <p>6 spoke to in the Governor's Office?</p> <p>7 A. Kent Markus.</p> <p>8 Q. Can you tell me what you told Mr. Markus?</p> <p>9 A. That I was recommending the Governor</p> <p>10 reprieve this case, that my team felt even if they</p> <p>11 could gain access they couldn't sustain it through</p> <p>12 the actual execution.</p> <p>13 And that in my mind once we complete the</p> <p>14 preparatory stage and got the IV established, that</p> <p>15 once we walked him into that room and put him on the</p> <p>16 table and started into the actual execution process</p> <p>17 of inserting the drugs, if I lost that connection, if</p> <p>18 I lost that sustainable vein at that particular time</p> <p>19 that I was in a whole 'nother ballpark.</p> <p>20 And I was recommending that this case be</p> <p>21 reprieved. That my team was frustrated, but what</p> <p>22 they had told me and what made me make the decision</p> <p>23 and I told them, I believe I told Mr. Markus it was</p> <p>24 because they felt that even if they got access that</p>

<p style="text-align: right;">Page 34</p> <p>1 they couldn't sustain access through the actual 2 execution. And I was recommending a reprieve. He 3 said let us talk about that, call me back. 4 I went and talked to the team or talked 5 to somebody, I don't know exactly who I did talk to 6 at that particular point. Told them that I had 7 recommended to the Governor that a reprieve be given 8 in this case. 9 I called him back and Mr. Markus said the 10 Governor agreed with me, that they would be writing 11 up the reprieve. I said that I wasn't going to do 12 anything or notify anyone until they had the reprieve 13 ready. 14 And I think they were already -- it 15 happened fairly quickly so I assume they probably 16 were already thinking how it was to be worded and 17 written when I'd made that first call and said that 18 we may need to start thinking about this. Because it 19 didn't seem like it was long until they told me that 20 the Governor had signed the reprieve. 21 Q. The reprieve was for a week. Do you know 22 how the time period of one week was chosen? 23 A. No, I don't. 24 Q. Did you -- and I know I'm being</p>	<p style="text-align: right;">Page 36</p> <p>1 said I'm not going to move forward until I get 2 something in hand signed about that. 3 I think I called back a few minutes later 4 to the Governor's Office, they said the Governor had 5 signed the reprieve. It was at that time I had all 6 the team together in J1 cell block, all the team 7 members. Everybody that was involved on the team 8 that day. 9 I probably spent 15 or 20 minutes with 10 them explaining to them that nobody felt any ill 11 feelings towards them. That they did the job, that 12 we followed our policy to the letter as we always do. 13 That probably there will be some repercussions as 14 there always are. 15 And tried just to reassure them that the 16 Governor and I and the warden were all okay with what 17 they had done. That it had -- they had nothing to be 18 ashamed of. We did the right thing. 19 Then I left there, stopped at cell front, 20 spoke to the inmate. Proceeded out the door to the 21 witness rooms where the most difficult job that day 22 was for me to tell the mother of the victim in this 23 particular case that I had requested and received a 24 reprieve on this case from the Governor.</p>
<p style="text-align: right;">Page 35</p> <p>1 repetitious with this question, but lawyers tend to 2 be at times. 3 Did you recommend a specific time period 4 for length of the reprieve? 5 A. No, I did not. 6 Q. Before you announced any -- made any 7 announcement concerning the reprieve, did you 8 actually have a piece of paper in your hand granting 9 the reprieve? 10 A. No. 11 Q. After the most recent conversation that 12 you described with the Governor's Office and they 13 said a reprieve would be granted after you had called 14 them back, what actions did you take at that point? 15 A. Once I was told, and there may have been 16 another call after that, I think they said they were 17 in the process of writing it, which made me therefore 18 assume that my first call they had already started 19 thinking about how it should be worded. 20 I said I didn't want to make any 21 announcement to the media or to the victim's family 22 until I knew that the Governor had signed it. The 23 same as earlier that morning when I was given a phone 24 call about the Sixth Circuit had denied the stay. I</p>	<p style="text-align: right;">Page 37</p> <p>1 She was very emotional. The gentleman 2 who was with her, who I believe was probably the 3 girl's father, was somewhat boisterous to me. Wasn't 4 threatening but he certainly wasn't happy. 5 I apologized to them for the fact that I 6 know they came there that day for closure but that I 7 did what I thought had to be done. And excused 8 myself and went to the media room where I then spoke 9 with the media. 10 And left the media room and went back up 11 to the warden's office. And I don't know exactly 12 what I did after that. I probably called the 13 Governor's Office. I think I talked to the Attorney 14 General's Office a few more times throughout the day 15 Q. Did you after that initial 15, 20 minute 16 meeting with your execution team did you meet with 17 them later that day? 18 A. No. 19 Q. Do you know if they held any additional 20 meetings that day? 21 A. They usually do. I assume they did. 22 They usually do a debriefing. 23 Q. And who's responsible for the debriefing? 24 A. Usually the team leader brings them</p>

<p style="text-align: right;">Page 38</p> <p>1 together and I think my chaplain is usually there.</p> <p>2 Q. My understanding, that there was an</p> <p>3 initial decision to be made after the reprieve's</p> <p>4 granted regarding where Mr. Broom would be held?</p> <p>5 A. There was.</p> <p>6 Q. Were you involved in that decision at</p> <p>7 all?</p> <p>8 A. I was asked my opinion. Well, let me</p> <p>9 back up a second.</p> <p>10 When I was at cell front he said to me he</p> <p>11 wanted to stay there. And I said that could probably</p> <p>12 be worked out.</p> <p>13 Q. We're talking about "he," Mr. Broom?</p> <p>14 A. Yes.</p> <p>15 Q. And he wanted to "stay there," being</p> <p>16 SOCF?</p> <p>17 A. Yes.</p> <p>18 Q. And it's my understanding from the</p> <p>19 testimony that we've received that eventually</p> <p>20 Mr. Broom was transferred to the infirmary or the</p> <p>21 hospital that day?</p> <p>22 A. Yes. He would not have been kept in the</p> <p>23 Death House. So -- we don't use that for a regular</p> <p>24 cell. So he would have been transferred to the</p>	<p style="text-align: right;">Page 40</p> <p>1 patient with me again.</p> <p>2 When Mr. Broom was transferred to the</p> <p>3 infirmary, at that point does the warden at</p> <p>4 Lucasville assume control of him, for lack of a</p> <p>5 better term?</p> <p>6 A. Yes.</p> <p>7 Q. While he was -- while Mr. Broom was in</p> <p>8 his holding cell awaiting execution, is he the</p> <p>9 responsibility or inmate of SOCF or does he have some</p> <p>10 sort of special status because he's on execution</p> <p>11 watch, for lack of a better term?</p> <p>12 A. Well, once he arrives on the grounds of</p> <p>13 the prison he becomes the responsibility of the</p> <p>14 warden. I don't know whether we actually make a</p> <p>15 move, we probably do make a move from the count and</p> <p>16 rolls of the Ohio State Penitentiary to the count and</p> <p>17 rolls of Lucasville because we keep accurate counts</p> <p>18 multiple times in a day.</p> <p>19 We have to make sure on your paper counts</p> <p>20 and all that, so I'm suspecting but I don't know for</p> <p>21 a fact that he's moved from the rolls and counts of</p> <p>22 OSP to the rolls and counts of Lucasville and then</p> <p>23 would be taken off the rolls and counts of Lucasville</p> <p>24 either after the execution or transferred to another</p>
<p style="text-align: right;">Page 39</p> <p>1 infirmary. Which had been done in the past.</p> <p>2 I mean, we've had a couple cases that got</p> <p>3 last minute stays after the person was already there</p> <p>4 and rather than travel back up the highway, we put</p> <p>5 them in the infirmary overnight.</p> <p>6 I know he was in the infirmary. I don't</p> <p>7 know how long he stayed there. I know he was</p> <p>8 eventually moved back to the Ohio State Penitentiary.</p> <p>9 Q. And I know this was a bit of the atypical</p> <p>10 case, but in situations where -- that you just</p> <p>11 mentioned where the execution has been continued at</p> <p>12 the last minute, the infirmary or the hospital is the</p> <p>13 place that the inmate is generally placed as opposed</p> <p>14 to isolation in some cell or something like that; is</p> <p>15 that correct?</p> <p>16 A. Correct.</p> <p>17 Q. Do you know if any special orders were</p> <p>18 made with respect to Mr. Broom while being held in</p> <p>19 the hospital such as he was supposed to be on a</p> <p>20 specific type of diet or anything like that?</p> <p>21 A. No.</p> <p>22 Q. You don't know or --</p> <p>23 A. I don't know.</p> <p>24 Q. And I don't know your jargon so be</p>	<p style="text-align: right;">Page 41</p> <p>1 prison.</p> <p>2 Q. There has been testimony yesterday that</p> <p>3 the week in which Mr. Broom was to be executed the</p> <p>4 Department of Rehabilitation and Corrections had a</p> <p>5 meeting with a representative of the Governor's</p> <p>6 Office; is that correct?</p> <p>7 A. You've lost me. I don't know what week</p> <p>8 you're talking. You said a week.</p> <p>9 Q. I'm sorry, the week of the execution, a</p> <p>10 few days after Mr. Broom's execution there was a</p> <p>11 meeting with yourself and other members of your</p> <p>12 Department and the Governor's Office; is that</p> <p>13 correct?</p> <p>14 A. After the 15th of September?</p> <p>15 Q. After the 15th.</p> <p>16 A. Yes, I had a meeting with some people in</p> <p>17 the Governor's Office.</p> <p>18 Q. And the purpose of that meeting?</p> <p>19 A. Was to discuss what actions we may take.</p> <p>20 Q. Was there any resolution of what actions</p> <p>21 should be taken during that meeting?</p> <p>22 A. No.</p> <p>23 Q. And the testimony received yesterday it's</p> <p>24 our understanding there was a second meeting and</p>

11 (Pages 38 to 41)

Terry Collins

<p style="text-align: right;">Page 42</p> <p>1 maybe a member of the Governor's Office was not 2 present for that second meeting? And that would have 3 been the week after the execution? 4 A. Well, it was probably easier to do it 5 this way. 6 Q. Okay, thank you. 7 A. Would certainly save me. 8 A few days after the execution, within a 9 couple days after the execution I had a meeting at my 10 office in my conference room with myself and some of 11 my staff and some people from the Governor's Office. 12 Since that time I've had probably three, 13 maybe four meetings in my conference room with 14 members of my staff. I've had one formal meeting 15 with the Governor and a member of his staff and a 16 member of my staff. And I've had one informal 17 conversation with the Governor during the time period 18 from September 15 to this very moment. 19 Q. And please, my response, I smiled a bit 20 there and it wasn't to laugh at you. 21 It's our understanding based upon the 22 testimony received yesterday that the Department of 23 Corrections is now studying the options available 24 with respect to future executions in the state of</p>	<p style="text-align: right;">Page 44</p> <p>1 the word "study." Are you comfortable with the word 2 study? 3 A. Yeah, I'm comfortable with that word. 4 Do I have a timeline? Well, I guess my 5 timeline is sometime the first of December, since the 6 Governor reprieved two cases, the next execution I 7 have scheduled is in December. 8 Q. Mr. Voorhies who testified yesterday said 9 he perceived it was his and Mr. Trout's job, role, or 10 duty to put the options before you so you could study 11 them yourself. Is that the way you see this study 12 progressing? 13 A. Well, yes, from the standpoint of we all 14 have discussed options. I know Mr. Voorhies has done 15 lots of research. I know Mr. Trout has talked to 16 Dr. Dershowitz. I know Greg's doing some research. 17 So, yes, they're providing me with 18 options and considerations. And then I'll make 19 recommendation to the Governor that we except one of 20 those options. 21 Q. You see it then as ultimately being the 22 Governor's call? 23 A. As I think I testified previously two 24 times in depositions in this particular case, on</p>
<p style="text-align: right;">Page 43</p> <p>1 Ohio. Is that a correct statement? 2 A. The Department of Corrections has been 3 studying since September 15th various options. 4 Q. Are there any individuals that you've 5 designated to conduct this study, for lack of a 6 better term? 7 A. Well, Ed Voorhies and Greg Trout, my 8 chief counsel, have been in I think all those 9 meetings. Greg may not have been in one of them 10 because he was on vacation. But he was there via a 11 phone in the one meeting I've had, but since then 12 he's been in those meetings. 13 Austin Stout was in some of them but I 14 think most of my meetings have been with Chief 15 Counsel Trout and Ed Voorhies. And they have been 16 the persons that I'd had the most discussion with. 17 Greg has had conversations with 18 Dr. Dershowitz, and Ed is a research nut. So that's 19 the people I've been meeting with. 20 Q. And we were I think all impressed with 21 his research capabilities yesterday when he 22 testified. 23 Do you have from your perspective some 24 sort of timeline with respect to this, I keep using</p>	<p style="text-align: right;">Page 45</p> <p>1 specific questions that, you, director are the person 2 responsible to change the protocol. 3 And I think I testified at that time that 4 that is somewhat true, except that I would ask for 5 and seek advice from many others. And since the 6 Governor is my boss, I would certainly want to have 7 conversation with him to make sure that he was 8 comfortable with the approach that I was taking. 9 Q. Do you foresee yourself as involving 10 anyone else other than the Governor outside your 11 agency, and Dr. Dershowitz, in helping you make the 12 call of which option is best? 13 A. Probably not. 14 Q. There isn't directors of agencies similar 15 to yours in other states that you place calls to for 16 guidance on these sort of issues? I know it's 17 ultimately your decision, I'm not downplaying that. 18 A. Well, over the years as assistant 19 director of this agency and as director of the agency 20 I've had opportunity to talk to other states. I've 21 been to other states and viewed their lethal 22 injection process. 23 And I've talked to other people about 24 different methods, and everybody that I've talked to,</p>

12 (Pages 42 to 45)

<p style="text-align: right;">Page 46</p> <p>1 and I can't recall, I mean I'm talking a period I've 2 been going to deputy director meetings, assistant 3 director meetings or director meetings since 2000. 4 And it's not something we typically sit around and 5 talk about.</p> <p>6 But nobody's willing to take the step to 7 go to a different process than's currently been found 8 to be constitutional.</p> <p>9 Q. That was going to be one of my final 10 questions but I'm going to jump ahead.</p> <p>11 Do you, after the options are put out for 12 you, and I want to come back in a minute but since 13 you raised the issue, assuming the one drug protocol, 14 for lack -- and I know there are other options on the 15 table so I don't -- assuming one of the options looks 16 like the best option to you, though it's not 17 necessarily been an option chosen by other states, 18 does your agency have the courage, for lack of a 19 better term, or you yourself have the courage to be, 20 Ohio to be first in that area?</p> <p>21 A. Well, I didn't have but I do now.</p> <p>22 Q. I can tell you and it's more of a 23 statement than a question is at least from this 24 member of this side of the table that's always been</p>	<p style="text-align: right;">Page 48</p> <p>1 agency.</p> <p>2 Q. Have you discussed with the individuals 3 that are helping you conduct your study, have you 4 discussed with them any of the options they have been 5 looking into or is this something that's going to 6 wait till the very end?</p> <p>7 A. No, I've had lots of discussions with 8 them. I've had discussions with the Governor's 9 counsel about the options that may be on the table 10 for us. And I'm looking at intramuscular, 11 interosseous, intervenous, combination of the 12 existing drugs, different drugs, single drugs. Other 13 single drugs.</p> <p>14 So I'm looking at a wide range of various 15 options that may prove to be a method that can be 16 used for lethal injection.</p> <p>17 Q. Is one of the things you're consulting 18 Dr. Dershowitz about is what additional options are 19 available out there?</p> <p>20 A. I think Mr. Trout in discussions with 21 Dr. Dershowitz we have made suggestions to him about 22 the use of interosseous. Nobody else in the country 23 uses that.</p> <p>24 We discussed with him, I believe they</p>
<p style="text-align: right;">Page 47</p> <p>1 whether Ohio could or would or had the will to be the 2 first from our limited perspective.</p> <p>3 I know I'm making a statement, not a 4 question.</p> <p>5 A. If I can respond to your statement even 6 though it wasn't a question, if I can respond to your 7 statement.</p> <p>8 I testified in the two previous 9 depositions in this case and in the testimony before 10 Judge Frost on the stand that one of the reasons why 11 I nor other people in this country who have to deal 12 with the issue and the law of lethal injection were 13 willing to go to a one drug protocol was because of 14 all the legal actions that will ensue.</p> <p>15 But I put my hand up this time because I 16 said it really don't make any difference because I'm 17 getting sued no matter what I do. I would get sued 18 over a one drug protocol or a change in the 19 procedure, whatever, really what makes the 20 difference. Because I'm sitting here today getting 21 sued for a protocol that's constitutional.</p> <p>22 So I got the courage to do that and I'll 23 do what I think's right, which is what I've always 24 done in the 32 years that I've worked for this</p>	<p style="text-align: right;">Page 49</p> <p>1 discussed with him, and I'm third party to these 2 discussions, that he had previously approved I 3 believe in a Tennessee case single protocol of sodium 4 thiopental. I think there was discussions with him 5 about that.</p> <p>6 I think there was discussions with him 7 about an intramuscular injection. I'm trying to 8 think of the drug that they were talking about. 9 Hydromorphone I think was the drug that they were 10 talking about.</p> <p>11 We had discussions about if you used 12 interosseous device would you have to do a one drug 13 protocol or three drug protocol? If you used 14 Hydromorphone would you use it as a product in and of 15 itself or would there be other products that would be 16 with it?</p> <p>17 They used some fancy term, I delineated 18 it down to makes it work faster.</p> <p>19 Was there other drugs that we should 20 consider? But bottom line, Dr. Dershowitz says, if I 21 understand and interpret what my counsel said to me, 22 that nobody else in the country is doing or thinking 23 about the things that we're thinking about.</p> <p>24 Q. Just because Mr. Voorhies when he</p>

<p style="text-align: right;">Page 50</p> <p>1 testified yesterday I think discussed a drug that we 2 had never heard of before, which is the -- 3 A. Hydromorphone? 4 Q. That's it. 5 Did that come from Dr. Dershowitz? 6 A. I believe it did. I don't know but I 7 believe it did. 8 I think that came about in a conversation 9 with I have said to Mr. Trout and Mr. Voorhies I 10 cannot believe that there was not some type of 11 intramuscular drug that could just be a shot. 12 You can't tell me that people that 13 overdose every day hit their veins. So please ask 14 someone if there is such a thing. And I think that's 15 where that came from. 16 Q. I'm going to do one other issue real 17 shortly and I'm going to ask for a brief break. 18 I know you've discussed and I know it's 19 of great concern to your execution team. How is your 20 team holding up if I can ask? 21 A. Well, I haven't talked to them since the 22 15th but in talking with people who have talked 23 with them, I think they're fragile right now. And 24 quite frankly, I think I could potentially lose some</p>	<p style="text-align: right;">Page 52</p> <p>1 objections if we took a five-minute break Mr. Wille? 2 MR. WILLE: No. 3 (Off the record.) 4 Q. I think I only have one additional 5 question, then I'll defer to my colleagues, sir. I'd 6 like to thank you again for your professionalism and 7 your patience. 8 I know you've gone through this with me 9 twice in the last month and it certainly would not 10 have been something you would have put at the top of 11 your list. 12 A. You're welcome. 13 Q. On the 15th when you talked to the 14 Governor's Office several times were you ever in 15 direct contact with the Governor himself? 16 A. No. 17 Q. I think that's all the questions I have. 18 Thank you for your courtesy. Again, I'm willing to, 19 since I'm going to be just listening for a while I'm 20 willing to go down and get you some water. 21 A. No, I'm fine. 22 --- 23 24</p>
<p style="text-align: right;">Page 51</p> <p>1 of them. 2 Q. So have you been able to hold your team 3 together? 4 A. Well, up to this point, yes. But I have 5 said to the Governor I'm not sure that I'll continue 6 to be able to hold them together. 7 Q. Are they themselves going to get any 8 opportunity for input for what might be the best 9 option in the future? 10 A. I don't know. Probably. 11 Q. Has there been any effort to sit down 12 with them either as a group or individually since the 13 15th and discuss possibilities or what occurred on 14 that day or how they're doing? 15 A. The warden I'm sure has. I think Greg, 16 Mr. Trout, my chief counsel, I think he had met with 17 them as a group. But I have not personally met with 18 them. 19 But as I say, I've been told that they're 20 concerned about they didn't carry out the law of the 21 state. And that they have been ridiculed nationally. 22 Which I don't think is justified, but lot of things 23 in this world I don't think are justified. 24 MR. PORTER: Would there be any</p>	<p style="text-align: right;">Page 53</p> <p>1 EXAMINATION 2 BY MR. SWEENEY: 3 Q. Good afternoon, Governor -- Director, how 4 are you? 5 A. I'm good. Thank you. I don't want that 6 job. 7 Q. I just promoted you. 8 Just ask you some follow-ups, some 9 details on some things. I think we're pretty close 10 to the end anyway. I also appreciate your courtesy 11 and professionalism today, as always, in connection 12 with this case. 13 On the day of the execution on the 15th 14 of September, your conversations with the Governor's 15 Office, I think you said you spoke to Mr. Torres, 16 correct? 17 A. Originally. And I think maybe on the 18 first call after we started the preparatory stage of 19 trying to gain vein access, then I think after that 20 my conversations were with Kent Markus. 21 Q. On all the other ones would have been 22 with Mr. Markus, is that your best recollection? 23 A. Yes. 24 Q. You testified that with the AG's Office</p>

Terry Collins

<p style="text-align: right;">Page 54</p> <p>1 at least your recollection is when you were the I 2 guess the deputy warden or whatever that position is, 3 that you remember there would be a speaker phone? 4 A. I assumed it was. I mean typically you 5 can hear on the speaker phone is not like talking on 6 the regular phone. So I always assumed it was. 7 Q. Was it similar with the Governor's 8 Office; did you get the feeling you were on a speaker 9 phone when you spoke to the Governor's Office or not? 10 A. No, I didn't. 11 Q. Why wasn't the process -- why didn't you 12 seek the reprieve after that first break or at that 13 first break? 14 A. Because I felt the team could continue on 15 and be successful in gaining and sustaining access. 16 Q. And did you know at the time you made 17 that judgment how many times the team had attempted 18 to that point? 19 A. No. 20 Q. Did any of them give you any numbers or 21 any estimates? 22 A. No. 23 Q. Did you -- you did know I guess or must 24 have known how long they had been attempting,</p>	<p style="text-align: right;">Page 56</p> <p>1 asking for the reprieve based on what I testified to 2 earlier. 3 Q. With respect -- let's focus on that first 4 break though. According to the timeline and I think 5 the other testimony and I think perhaps even your 6 testimony today, the first break was taken 30-some 7 minutes, 35, 40 minutes into the process I believe. 8 If that's what the record shows. 9 A. I haven't looked at the record so I can 10 only assume you're correct. 11 Q. Just assume whatever the timeline says. 12 A. Right. 13 Q. I think the timeline indicates -- I'll 14 just tell you where it says there's at 2:44 there's 15 an entry, you can confirm this if you like, the 16 director is giving the medical team and the inmate a 17 break right now. That's 2:44 in the afternoon. 18 A. I accept that. 19 Q. That means that we're talking here 44 20 minutes after the team has entered the cell, 21 according to the timeline. If we use that as a frame 22 of reference about 45 minutes. First break 45 23 minutes in. 24 Your testimony is that that really wasn't</p>
<p style="text-align: right;">Page 55</p> <p>1 correct, in terms of minutes? 2 A. Well, I wasn't counting minutes. So I 3 can't say I knew exactly how many minutes. 4 Q. Well, but you at that time if you put 5 yourself back on that day on the 15th of September, 6 that would have been something you could have easily 7 determined if you wanted to at that time, how long 8 have we been going, correct? Whether you knew it in 9 mind at that time or not. 10 A. Yeah, but I didn't think about looking at 11 the clock and saying, oh, we've been going 20 minutes 12 or 30 minutes. And the time can be kind of 13 deceptive. 14 If I start at 2:00 o'clock, walk into the 15 cell at 2:00 o'clock and I spend 15 minutes looking 16 at the arm, looking at the hands, rolling and all 17 that, I mean that all -- you got me on the clock but 18 the reality is I haven't done anything other than 19 just look. 20 So I don't keep track of at 2:02 they 21 made their first attempt. I didn't know how many 22 attempts had been made at the first break. Didn't 23 know how many attempts had been made when I asked the 24 Governor for a reprieve. I made my decision on</p>	<p style="text-align: right;">Page 57</p> <p>1 something you were considering in terms of your 2 analysis of the situation, how long, how much time 3 had passed; is that correct? 4 A. Correct. 5 Q. Nor were you at that time considering how 6 many sticks or needle injections had been attempted; 7 is that correct? 8 A. Correct. 9 Q. In fact, you did not know how many, 10 correct? 11 A. Correct. 12 Q. And if we jump ahead to the second break, 13 I think I'm hearing you say that even at that point 14 in time you did not know how many needle insertions 15 had been attempted; is that correct? 16 A. Correct. 17 Q. So I would imagine that with respect to 18 the decision you made there during the second break, 19 which was to ask for the reprieve, correct? 20 A. Correct. 21 Q. Would not have been based on information 22 about how many times they had made efforts, correct? 23 A. Correct. 24 Q. Was any part of the -- back to the issue</p>

<p style="text-align: right;">Page 58</p> <p>1 though of why not stopping sooner, was any thought 2 given to you at that 2:45 time frame, 45 minutes in, 3 during that break, we've been going at it for 45 4 minutes, we've not gotten it, we usually get it in 5 ten or 15 minutes, we should stop, we're not going to 6 get it today. 7 Did you give that any consideration at 8 that time? 9 A. No. 10 Q. Did you give any consideration at that 11 time to the pain, the anxiety, the stress, the 12 emotion the inmate was going through at that time? 13 A. I never seen any pain in the inmate at 14 any time. I think there was some emotion from him. 15 I think he was getting as frustrated as the team was. 16 But at no time did I see anybody in pain. 17 Q. Well, just so we're clear for the record, 18 were you ever at cell front? 19 A. No. 20 Q. So you were -- your perception and your 21 testimony about not ever seeing Mr. Broom in pain is 22 based upon whatever conclusions you could draw in 23 watching the monitor; is that correct? 24 A. That's correct.</p>	<p style="text-align: right;">Page 60</p> <p>1 A. No. 2 Q. So am I understanding correctly that this 3 is basically you're communicating with the Governor's 4 Office providing information to them but it's really 5 not -- information's not coming back from them to 6 you? 7 Am I right or wrong about that? Is that 8 question clear? 9 A. No, the question's not clear. No. 10 Q. Is it a conversation with Kent Markus or 11 is it Mr. Markus, here's what's happening. Here's 12 where we're at just to let you know. Thanks, 13 Director, and he hangs up. 14 Is there more a manner of give and take, 15 are you discussing options, are you talking about 16 what to do, that type of thing? 17 A. I think he was asking some questions but 18 I don't think it was discussing options. 19 You asked a question or two ago was I 20 getting push back from them not to stop, to keep on 21 going. And that was not so. In fact, the only push 22 back I got all day was early in the morning on 23 waiting for the Sixth Circuit because of this late 24 night appeal or whatever it was. I had lots of</p>
<p style="text-align: right;">Page 59</p> <p>1 Q. So in your discussions with the 2 Governor's Office during that first break, and I 3 think you did testify you did speak with them during 4 that first break; is that correct? Or not? I don't 5 want to misstate the record. 6 A. I think I believe I talked to them maybe 7 right prior to and during. 8 Q. The purpose for those communications 9 prior to and during would have been what? Just to 10 let them know we're taking a break, here's the 11 status, that kind of thing? 12 A. Yes. 13 Q. Anything more than that? 14 A. No. 15 Q. Were there any -- did Mr. Markus or 16 whoever it was you were -- was it Markus at that time 17 you think? 18 A. Yes. 19 Q. Mr. Markus suggest hey, we think you 20 ought to get this -- stop it, we've gone too long, we 21 should stop it? Was there any sort of push back from 22 them? 23 A. No. 24 Q. No?</p>	<p style="text-align: right;">Page 61</p> <p>1 discussions that morning about whether or not I 2 should start the process. 3 Q. Really? 4 A. But, and I don't know whether that was to 5 challenge me to see if I was willing to say nope, I 6 ain't doing it, or whether they were really just 7 talking through you have a legal order from the court 8 to proceed. Do you know that? Yes, I know that. 9 But I also know that I got a court action 10 pending. I also know that as of around 8:30 this 11 morning it was faxed to all the judges in the 12 Circuit, so until I get that, I'm not going anywhere. 13 So I had that conversation early in the 14 morning. But at no time during my conversation with 15 the Governor's Office did they say no, I think you 16 ought to move forward. 17 I think your co-counsel described it best 18 earlier that the Governor and his office have a lot 19 of confidence in the information that I'm giving them 20 and the recommendation that I'm giving them. 21 Q. Similarly in any of those conversations 22 with the Governor's Office after the warrant had been 23 read and the process had begun, were there any 24 discussions or communications from them to the effect</p>

Page 62	Page 64
<p>1 we think you need to stop it, it's gone on too long, 2 that type of thing? 3 A. No. 4 Q. No? 5 A. Nobody ever said to me we think you ought 6 to stop. Nobody asked me if I was considering 7 stopping. That was strictly solely my decision and 8 my recommendation to the Governor's Office. 9 Q. Go back to the morning, the 8:30 or so 10 conversations. Were those with Mr. Torres? 11 A. I think they were with Mr. Torres and 12 they were also with the Attorney General's Office. 13 Q. Who was raising the issue with you you 14 got a lawful order? Who was giving you the push back 15 on that issue when you were saying the Sixth 16 Circuit's looking at this? 17 A. I think it's Mr. Torres. I don't know 18 that it was push back. 19 Q. Yeah, maybe that's the one word. 20 A. I mean they -- I think they were trying 21 to walk me through but you do have the legal order. 22 And I said I understand I got a legal order but I 23 also know that I've got something pending in a court 24 and I'm not willing to proceed until I got a clear go</p>	<p>1 Q. The first break, was there a meeting back 2 in J1 on that first break with the medical team or 3 not? 4 A. Yes. 5 Q. And was there also during the second 6 break, the decision was finally ultimately made to 7 stop, was there also a meeting back in J1 with the 8 medical team and others that time too? 9 A. Yes. 10 Q. Were there -- did you talk with, speak 11 with, seek input from the medical team on both 12 occasions? 13 A. Specifically on the second occasion I 14 remember them sitting down in front of me. They were 15 sitting down, I was standing up. Two of them were 16 sitting, one of them was standing. I was standing in 17 front of them. 18 On the first one I think we were standing 19 and I think they were there some of the time and 20 maybe in and out. But the second time it was kind of 21 we went to -- we went off to the side down the 22 stairs, sat down in chairs on the range. 23 They were sitting down, two of them 24 sitting down, one of them standing up, I was standing</p>
Page 63	Page 65
<p>1 from you all, the courts. Then we'll move forward. 2 In fact, when I got called and said the 3 Sixth Circuit has denied, that you can go ahead and 4 proceed, I said I don't have that order in hand. 5 I've been around long enough to know that 6 because somebody tells you something don't always 7 necessarily mean it's true until you see it in 8 writing. So I would not go until they actually 9 e-mailed me a copy of the order. 10 Q. Did anyone from the Attorney General's 11 Office in the morning express disagreement with you 12 with your decision to wait for the Sixth Circuit to 13 resolve with that pending appeal? 14 A. No. 15 Q. Did anyone from the Governor's Office 16 express disagreement? 17 A. No. 18 Q. Your testimony then is that those people, 19 either one or both of those offices were simply 20 raising that issue do you really need to wait, that 21 type of thing. 22 A. I think that was really the raising the 23 issue of do you really need to wait and seeking my 24 thoughts about that.</p>	<p>1 in front of them, and that's when we had the 2 discussions about it. 3 Q. So that's the second. 4 A. That was the second time when I decided 5 to ask and recommend that a reprieve be given. 6 Q. During the first break do you recall 7 whether you actually spoke with medical team members 8 during the first break? 9 A. I know I did. I don't know that I -- I 10 don't know that I gathered them all together at one 11 time. As I said just a second ago, I remember 12 talking to them but I don't know whether it was 13 individually. 14 I remember the group meeting the second 15 time but I'm not sure the first time whether I had 16 them and I don't think I had them all together. I 17 think it was kind of in and out. Because I was 18 talking to a lot of different people. 19 Q. During that first break did any of the 20 medical team members express concern about the 21 viability of continuing that day? 22 A. No. 23 Q. Is it your recollection that they were, 24 at least all the ones, all the medical folks you</p>

17 (Pages 62 to 65)

Terry Collins

Page 66	Page 68
<p>1 recall speaking with during the first break, that</p> <p>2 they were all of the view that we ought to keep</p> <p>3 trying, that type of thing?</p> <p>4 A. Yes. They were more concerned at the</p> <p>5 first break about all the ramifications that we were</p> <p>6 going to encounter because they hadn't been a hundred</p> <p>7 percent perfect. But they said move on, they still</p> <p>8 felt they could gain access because they were gaining</p> <p>9 access.</p> <p>10 They were losing the sustainability after</p> <p>11 they gained access. It wasn't like they couldn't</p> <p>12 find a vein. They were finding veins and gaining</p> <p>13 access, they just were losing the access and</p> <p>14 sustaining of that access.</p> <p>15 But they were willing to move forward and</p> <p>16 expressed at no time no, let's not go forward, let's</p> <p>17 not do this.</p> <p>18 Q. You're saying none of them were saying</p> <p>19 that.</p> <p>20 A. Nobody said that at the first break.</p> <p>21 Q. Were there discussions then during that</p> <p>22 first break specifically about the issue of we might</p> <p>23 have to be deposed about this, we're going to be</p> <p>24 dragged through the mud, whatever those types of</p>	<p>1 Q. You told them that.</p> <p>2 A. That's right.</p> <p>3 Q. Were any of the people at that time</p> <p>4 during the first break, any of the people you spoke</p> <p>5 with concerned at all for the well-being of</p> <p>6 Mr. Broom?</p> <p>7 A. I think my team members have always been</p> <p>8 concerned about the well-being of every individual</p> <p>9 we've in the 32 executions that we've done and the</p> <p>10 33rd case that was extraordinary that didn't work.</p> <p>11 But they've always been considerate of the individual</p> <p>12 that is being executed.</p> <p>13 Q. Did any of the people you spoke with</p> <p>14 during that first break express to you any concerns</p> <p>15 about the well-being of the inmate in terms of</p> <p>16 continuing, he's been 45 minutes at this, we're not</p> <p>17 going to get it, that type of thing?</p> <p>18 A. No.</p> <p>19 Q. It's really unfair to him?</p> <p>20 A. No.</p> <p>21 Q. No one expressed any concern about the</p> <p>22 inmate's well-being at that point anyway; is that</p> <p>23 correct?</p> <p>24 A. That's correct.</p>
Page 67	Page 69
<p>1 discussions were?</p> <p>2 A. Yes, there was.</p> <p>3 Q. Really?</p> <p>4 A. They didn't say "deposed." They talked</p> <p>5 about we're going to be ridiculed. We didn't do our</p> <p>6 job. They're going to say we didn't do this.</p> <p>7 They're going to find more excuses. It was discussed</p> <p>8 during that time frame.</p> <p>9 Q. And what -- who in particular do you</p> <p>10 remember?</p> <p>11 A. I don't remember. I said I talked to a</p> <p>12 lot of different people during that first time break.</p> <p>13 Q. Were they medical members expressing --</p> <p>14 A. I think it was several different team</p> <p>15 members that was saying that.</p> <p>16 Q. But were they medical team members?</p> <p>17 A. I don't know. I can't tell you whether</p> <p>18 it was exactly them. I talked to a lot of different</p> <p>19 people during that time frame. I was moving around</p> <p>20 the J1 cell block area talking to different people.</p> <p>21 And they were concerned about what people were going</p> <p>22 to say.</p> <p>23 Q. Were you concerned about that?</p> <p>24 A. Hell, no.</p>	<p>1 Q. Did you give that any thought during that</p> <p>2 first break after 45 minutes in?</p> <p>3 A. No.</p> <p>4 Q. Did you discuss that issue at all with</p> <p>5 the Governor's Office during that first break?</p> <p>6 A. No.</p> <p>7 Q. Anytime during the second break did you</p> <p>8 discuss that issue?</p> <p>9 A. No.</p> <p>10 Q. Did you discuss that issue with the</p> <p>11 Governor's Office at anytime during that second</p> <p>12 break?</p> <p>13 A. No.</p> <p>14 Q. Did that issue get discussed with you at</p> <p>15 any time that day?</p> <p>16 A. About the welfare of the inmate?</p> <p>17 Q. Yes.</p> <p>18 A. No.</p> <p>19 Q. So that was not a consideration at all in</p> <p>20 your decision; is that your testimony?</p> <p>21 A. That's correct.</p> <p>22 Q. Why not?</p> <p>23 A. Well, in previous two depositions in this</p> <p>24 case and in my testimony before Judge Frost I was</p>

<p>1 hammered quite a bit about, Director, you're going to 2 go till midnight? You're going to stick this 3 individual till midnight? 4 And I testified in those two depositions 5 and on the court I don't know what I'm going to do 6 because I've never been in that situation. 7 Now that I've been in that situation and 8 we did it, I didn't stick him till midnight. So 9 maybe I did have in the back of my mind some thought 10 about that. 11 What I had in the back of my mind was and 12 what made my decision was when my team members told 13 me that if we got a vein and we were to sustain that 14 vein, I don't think that you'll be able to sustain it 15 through the actual execution delivery of the drugs. 16 That's what sewed it up for me and that's 17 when I called the Governor and said I'm recommending 18 we do a reprieve in this case. 19 Q. And you did testify to something about 20 that so I don't think we need to go into that any 21 more. 22 Other than -- let me ask you this, am I 23 correct in understanding your testimony that the 24 Governor's Office, the people you spoke with, Kent</p>	<p>1 members. But I think I called back to them and said 2 we're going to go but I think we need to start 3 thinking about potentially a reprieve. So I put it 4 on the table a little bit earlier than that. 5 Q. So you at least raised the prospect -- 6 A. Yes. 7 Q. -- you think during that first break. 8 A. I think so. 9 Q. What response did you get when you raised 10 that with Mr. Markus during the first break, if you 11 recall? 12 A. "Okay." 13 Q. That was it? 14 A. Yeah. 15 Q. So you raise it again the second break. 16 You tell Mr. Markus I'm recommending that we get a 17 reprieve; is that correct? 18 A. Yes. 19 Q. And you did not make any recommendation 20 as to how long the reprieve would be or anything like 21 that; is that correct? 22 A. I don't recall making that. I don't 23 believe I did. He asked, co-counsel asked me earlier 24 about seven days. I never asked. I just asked for a</p>
Page 71	Page 73
<p>1 Markus I guess at that time, second call, correct? 2 Or second break. 3 A. Yes. 4 Q. You say I want to seek a reprieve, 5 correct? 6 A. Yes. 7 Q. What was his response? What did he say? 8 A. He wanted to talk about it. 9 Q. Was that it? Did he just at the time I 10 want to talk about? 11 A. Said we got to think about that. Because 12 I didn't expect him to say okay. I expected them to 13 want to talk about it. 14 Q. Okay. So that didn't surprise you. 15 A. No. 16 Q. Was that the first time during the day 17 you raised with the Governor's Office a possibility 18 of a reprieve, during the second break? Or not? 19 A. No. I think I testified earlier that at 20 the time of the first break I think I called them and 21 said we were having trouble sustaining the access and 22 that I was getting ready to talk to the team members 23 to get more information, and I did. 24 As I said earlier, I talked to some team</p>	<p>1 reprieve. I recommended a reprieve. I don't know 2 that I said seven days. Maybe I did. I don't know. 3 Q. But in any event Markus said we have to 4 think about that, correct? 5 A. Said they had to think about it. 6 Q. Did he say anything else at that time? 7 A. No. I called him back a couple minutes 8 later and which led me to believe after the first -- 9 when I called during the first break they said they 10 would want to talk to him a second time. 11 After I said I'm recommending we do a 12 reprieve I think they had already started writing 13 something. I don't know that to be a fact, I wasn't 14 there, I was 70 miles south of there. But when I 15 called them back they said the Governor has agreed 16 with that and we're writing it up. 17 Q. So just so we're clear, you called them 18 back, they didn't call you back. 19 A. Yes. I probably called them I don't know 20 how many times. Several different times. I wasn't 21 standing there writing down "call to Governor's 22 Office, call to Governor's Office." 23 Q. I know. And I'm not suggesting that. 24 But here's how it might have also gone: You call</p>

19 (Pages 70 to 73)

<p style="text-align: right;">Page 74</p> <p>1 them, tell Markus I'd like to recommend a reprieve, 2 he says okay, we need to think about it, and then he 3 would call you back. 4 A. Nobody calls me in the Death House. 5 Q. So you have to call them. 6 A. I've never been called in the Death 7 House. 8 Q. Is it your testimony that you have to be 9 the one to make the call? 10 A. Well, I guess I don't have to be the one. 11 I mean they have the number there, but they didn't 12 call me. I called them. 13 Q. You called them. Fair enough. 14 Did you get an answer the next time you 15 called? 16 A. I believe I did. I got an answer. It 17 was a reprieve. Signed by the Governor. I don't 18 know when it was, whether it was the first call, the 19 second call. 20 Q. That's why we do these discovery 21 depositions, to find out. 22 A. I don't know whether it was the first 23 call, the second call, the third call, the fourth 24 call. I don't know that, Mr. Sweeney.</p>	<p style="text-align: right;">Page 76</p> <p>1 Q. Did you with who, with maybe Voorhies and 2 other people? 3 A. I don't think I did with anybody other 4 than myself and my phone call to the Governor's 5 Office. 6 Q. Let's talk a little bit about this 7 doctor. There was some testimony about her. I think 8 I heard you say you've never seen this woman before; 9 is that correct? 10 A. That's correct. 11 Q. And did you have anything at all to do 12 with her coming over that day? 13 A. No. 14 Q. Did you even know she was coming over 15 that day? 16 A. I heard them say, I think I heard the 17 warden say to Mr. Voorhies in passing that they had 18 called and asked the doctor to come over. But they 19 didn't ask me if it was okay. I never seen her until 20 later in the day. 21 Q. Did you say anything or do anything when 22 you heard that in passing? 23 A. No. 24 Q. Any reason why not?</p>
<p style="text-align: right;">Page 75</p> <p>1 Q. That's all you can do is tell me that. 2 Were there calls after they said we're 3 going to think about it or where you would call and 4 they said we haven't decided yet, that type of thing? 5 A. No. 6 Q. So at some point you got the answer we're 7 going to do the reprieve, correct? 8 A. Yes. 9 Q. At that point in time had the team been 10 informed at any time prior to that that the 11 possibility of a reprieve was at least being 12 considered? 13 A. Yes. 14 Q. And would that have been during the first 15 break or during the second break? 16 A. No, second. 17 Q. So you told the team I'm going to call 18 the Governor and suggest a reprieve or recommend a 19 reprieve prior to making the call; is that correct? 20 A. Yes. 21 Q. Is it your testimony that you did not 22 raise the issue of a possible reprieve during the 23 first break? 24 A. I don't think I did with the team, no.</p>	<p style="text-align: right;">Page 77</p> <p>1 A. Policy says he can ask for a physician if 2 he says they can be there. I had no reason to know 3 why he was bringing her over other than to seek 4 advice. So I didn't say wait a minute, don't do 5 that. 6 Q. Did you see her in the Death House? The 7 doctor? 8 A. I seen her in J1. 9 Q. So you did not ever see her in the Death 10 House. 11 A. I did not see her in the Death House, the 12 Death Chamber, or the holding area. 13 Q. As you sit here today do you understand 14 that she had actually been in the Death House and in 15 the cell and actually working on the inmate's leg? 16 A. I was told that she was there and I was 17 told that she did something to the leg. I did not 18 see that so I'm only going on hearsay. 19 Q. Is it your testimony then you would not 20 have spoken to her before she went into the cell? 21 A. I did not speak to her before she went 22 out of J1. I spoke to her as she was coming back 23 into J1. 24 Q. And was that after the process had been</p>

Terry Collins

Page 78	Page 80
<p>1 called off or where in the process was that when you 2 spoke with Dr. Bautista?</p> <p>3 A. I think it was after -- it was before it 4 was called off somewhere between the first and second 5 break but I don't know what point that was.</p> <p>6 Q. So you spoke to her after she had done 7 whatever she did in --</p> <p>8 A. Yeah. I don't know what she did or 9 didn't do.</p> <p>10 Q. So your conversations with her occurred 11 after she had been in the Death House, correct?</p> <p>12 A. Because I think I testified earlier 13 today --</p> <p>14 Q. Is that right?</p> <p>15 A. Pardon?</p> <p>16 Q. Your conversations with her occurred 17 after she had been in the Death House, correct?</p> <p>18 A. Yes. And I testified earlier to that the 19 only thing I knew at that particular moment I seen 20 them carrying some warm towels in and they said the 21 doctor suggested the warm towels might do something.</p> <p>22 Q. When did you learn that she'd actually 23 made an effort to stick the needle in the inmate's 24 ankle? Or had you learned that?</p>	<p>1 the legal setting you're in; is that correct? You 2 got a warrant, it's been read, the process has 3 started. Only the Governor can stop it now, correct?</p> <p>4 A. Correct.</p> <p>5 Q. Could a court stop it?</p> <p>6 A. Wouldn't start it if there was a court 7 action pending.</p> <p>8 Q. I know you testified to that. But would 9 you agree that if a court were to enter an order 10 during the process that for whatever reason this 11 process needs to stop, is that something --</p> <p>12 A. I suppose I would have to. If I got it 13 in hand.</p> <p>14 Q. Let me ask this question then, there were 15 at least one break and I think the testimony has been 16 it was 15 or 20 minutes, that first break. Is that 17 consistent with your recollection as to how long it 18 was?</p> <p>19 A. That's consistent, yes.</p> <p>20 Q. Why wasn't Mr. Broom's attorney permitted 21 to speak to him during that break?</p> <p>22 A. As I said earlier in -- previously 23 answered this question once.</p> <p>24 Q. This is a little different question. I'm</p>
Page 79	Page 81
<p>1 A. About I think in one of the meetings that 2 I had after the -- when I was meeting with 3 Mr. Voorhies and Mr. Trout.</p> <p>4 Q. So this would be after September 15.</p> <p>5 A. Yes.</p> <p>6 Q. So is it your testimony, Director, that 7 you were not aware of that on September 15?</p> <p>8 A. I was not aware of that on September 15.</p> <p>9 Q. What did you do when you found that out 10 if anything? Did you do anything?</p> <p>11 A. I didn't do anything.</p> <p>12 Q. Were you upset about that? Did you not 13 care about that? What was your reaction to that 14 information?</p> <p>15 A. I don't remember if I had a reaction.</p> <p>16 Q. Have you -- did you seek to speak with 17 the doctor as to whether she's willing to do that, 18 would she be willing to participate in other 19 executions?</p> <p>20 A. I didn't, no.</p> <p>21 Q. You testified that only the Governor can 22 stop a process once it gets going is your testimony.</p> <p>23 A. That's right.</p> <p>24 Q. That's how you kind of view the sort of</p>	<p>1 specifically asking why during the break was he not 2 allowed -- she not allowed to speak to Mr. Broom. 3 Can you answer that question?</p> <p>4 A. I don't think it's a different question 5 but I'll answer.</p> <p>6 Q. Okay.</p> <p>7 A. When I have a legal warrant to execute, 8 that gives me the authority as the director of the 9 Department of Rehabilitation and Corrections to carry 10 out the law of the state. And once I close the door 11 and once I start the preparatory process, nobody else 12 comes in. That's why I didn't let her in.</p> <p>13 Q. Well, the doctor came in. Why was she 14 allowed?</p> <p>15 A. The doctor is part of the -- they asked 16 her to come as part of the team.</p> <p>17 Q. But she's not on the team, correct?</p> <p>18 A. She's not on the team but the warden can 19 ask for somebody to come over, and he did.</p> <p>20 Q. Where does it say that?</p> <p>21 A. I think the policy talks about people 22 that he can have physicians, other people there.</p> <p>23 Q. I mean nothing disrespectful but I 24 believe that provision of the policy is under the</p>

21 (Pages 78 to 81)

<p style="text-align: right;">Page 82</p> <p>1 heading of Attendance and that includes also the 2 inmate's witnesses can attend, these people can 3 attend, you can have a physician attend if you want 4 to. 5 Is that the provision you're relying on 6 in saying that the doctor's -- 7 A. I think he can ask for the doctor to come 8 over and provide expertise, can't he? 9 Q. I don't know. 10 A. I think he can. I guess we differ on 11 that. 12 Q. But your view is once the warrant is read 13 you're not going to let an attorney in to speak with 14 the client. 15 A. That's correct. If the attorney wants to 16 stop the action, that means to call the court, get a 17 court order to tell me to stop. 18 Q. But if they want to consult with the 19 client to see if that's what the client wants done, 20 is there any means for them to do that once the 21 warrant's been read? 22 A. Once the warrant's been read and the 23 process starts, I'm not going to let the attorney in. 24 Q. Under no circumstances.</p>	<p style="text-align: right;">Page 84</p> <p>1 speak with her client, correct? 2 A. I don't know that for a fact. Austin 3 Stout told me she wanted to come back. But I don't 4 know. She never told me that and if she had, I'd 5 told her the same thing Austin told her; no. 6 Q. Well, Austin told you that she wanted to. 7 A. Right, Austin told me she wanted to come 8 back. He told her no and I agreed with that. And if 9 she'd asked me, I would have said no. 10 Q. So just so the record's clear, you were 11 aware at least if you believe Austin, that Broom's 12 attorney had requested to come back and speak to him 13 during these events of September 15th after the 14 warrant had been read and during the time the IV 15 access was going on. 16 A. Yes, I was aware that, I don't know her 17 name but I was aware that an attorney wanted to come 18 back in. I was aware that my attorney told her no 19 and I agreed with that and would have told her or any 20 other attorney at that time no, because once we close 21 the door, then the process really turns over to the 22 state. 23 Q. You testified Warden -- Director. I 24 demoted you.</p>
<p style="text-align: right;">Page 83</p> <p>1 A. That's correct. 2 Q. What about allowing the attorney to speak 3 on the phone with the inmate? Is that something you 4 would allow? 5 A. Once the process starts, once I start the 6 preparatory stage, I've got the authority of the 7 court to proceed, I'm not going to intervene with 8 attorneys at that time to try to stop the case. 9 They can so choose to go get on the 10 telephone and call the courts. If the courts want to 11 give me an order, Director, you'll stop, then I guess 12 I'll accept that order. But I'm not going to stop 13 the process and make more confusion in the process. 14 Q. Here's my question though, the process 15 had been stopped or at least paused because we're 16 taking a 15-minute break, correct? 17 I'm asking during that break why wouldn't 18 it have been prudent to permit Mr. Broom to at least 19 speak on the phone with Ms. Shank? 20 A. I just answered the question. Once I 21 close the door and start the process, whether I'm in 22 a break or not doesn't affect my decision in my mind. 23 The answer was no. And the answer will still be no. 24 Q. You knew though that Ms. Shank wanted to</p>	<p style="text-align: right;">Page 85</p> <p>1 A. That's all right. Retire me. 2 Q. You testified, Director, that you made 3 the decision that you would not announce the reprieve 4 until you actually had the paper in hand; is that 5 correct? 6 A. That's correct. 7 Q. Did the team -- well, and I think you 8 testified to a minute ago the team already knew that 9 you were going to at least seek the reprieve, 10 correct? 11 A. I told the team before I was told that 12 the Governor had signed the reprieve, I told the team 13 I had recommended and the Governor was approving as 14 we were speaking a reprieve. 15 Q. So at that point was it your intention to 16 have that information you provided to the team serve 17 as notice to them the process is ending for today, 18 we're done for today? Is that your intent? 19 A. I don't know if I had an intent of that. 20 I don't know if that was my intent or not. 21 Q. Did somebody communicate to the team at 22 some point "we're done for the day"? 23 A. Well, when I had them all together and 24 said I asked for, recommended and been told that, I</p>

Terry Collins

<p style="text-align: right;">Page 86</p> <p>1 mean I didn't say that means you're done for today. 2 But they would know that. 3 Q. Yeah, that's my question. Would you 4 think that's the conclusion they would have drawn 5 from the conversation they had with you? That they 6 were done for the day? 7 A. I would assume that would be correct, 8 yes. 9 Q. So you would assume that there would not 10 have been any further efforts made on Mr. Broom's 11 arms or legs at that time. 12 A. There was not any efforts made after I 13 did that when I got them all together and said. 14 Because the reprieve was done. 15 Q. Do you know who informed Mr. Broom that? 16 Was he informed at that time or at some later time? 17 A. I think I probably informed him. 18 Q. And when did you do that? 19 A. After I got done with the team and 20 stopped by the cell, recommended to the Governor to 21 recommend a reprieve. 22 Q. Was this before you actually got a 23 reprieve in writing? 24 A. I never actually got the reprieve in</p>	<p style="text-align: right;">Page 88</p> <p>1 Q. Did you understand him to mean there in 2 that holding cell or there at SOCF? 3 A. I certainly didn't think he wanted to 4 stay in that holding cell. 5 Q. Well, I don't know. 6 A. I don't know either, but I took it to 7 mean he wanted to stay at Lucasville. He said he 8 wanted to stay here. I assume in my mind that meant 9 Lucasville. 10 Q. I'm wondering though if that was because 11 he had been told we're going to do this again in 12 seven days. 13 A. I have no idea. 14 Q. Do you have any memory as to whether or 15 not the conversation about him staying there came up 16 in the context of him also being informed that we're 17 doing this again in seven days? 18 A. I don't know. The conversation probably 19 lasted 25, 30 seconds. 20 Q. Did you thank him for his cooperation. 21 A. Yes, I did. 22 Q. From your perspective was he cooperative 23 that entire day? 24 A. Yes. I've been ridiculed for that, but,</p>
<p style="text-align: right;">Page 87</p> <p>1 writing until I got back to the warden's office, 2 which was probably an hour, hour and a half after 3 that. 4 Because I spoke to the team, I spoke to 5 the inmate, I spoke to the victim's witnesses, went 6 before the media. I went up to the warden's office. 7 And then I think that's when I actually got it in 8 hand. 9 I think I said earlier I said when they 10 told me on the phone that the Governor had signed the 11 reprieve I talked to the team, then I stopped as I -- 12 because for me to leave I have to walk by the cell. 13 I stopped and told the inmate that I'd asked for and 14 the Governor had approved a reprieve in his case, and 15 then I went to the witness room where the victims 16 were -- the family witnesses were. 17 Q. The meeting with Mr. Broom, I wanted to 18 ask you some questions about that. Did you tell him 19 at that time that the reprieve was for seven days? 20 A. I don't know whether I did or not. 21 Q. Because I'm curious about his statement. 22 You said he made some statement to the effect he 23 wanted to stay there. 24 A. He did.</p>	<p style="text-align: right;">Page 89</p> <p>1 yes, I did. 2 Q. Ridiculed by who? 3 A. CNN News. In fact they attributed it to 4 you. 5 Q. Attributed what to me? 6 A. They ran a clip about the execution in 7 the state of Ohio, they talked to you, then they 8 showed me talking to the media and they came back and 9 said the inmate's attorney says that the prison 10 official you just seen, this was such a wild case 11 that he even thanked the inmate for his cooperation. 12 CNN News. 13 Q. Well, you did thank the inmate for his 14 cooperation. 15 A. Yeah. I got ridiculed for it. 16 Q. It wasn't by me. 17 A. Well, they attributed it to you. 18 Q. That doesn't sound like ridicule, sounds 19 like I was pointing out a fact which is that you did 20 thank the inmate for his cooperation. 21 A. Well. It wasn't the way I interpreted it 22 and it was the way they reported it. 23 Q. It's their discretion. 24 A. But I know reporters can do funny things.</p>

23 (Pages 86 to 89)

<p style="text-align: right;">Page 90</p> <p>1 Q. And I certainly don't think anyone 2 intended to ridicule you for that.</p> <p>3 A. It certainly got -- that's the way it was 4 taken from the CNN report.</p> <p>5 Q. That certainly wouldn't have been any 6 intent.</p> <p>7 A. I don't know, I got ridiculed because I 8 let an inmate get up and go to the bathroom. But 9 that's neither here nor there either.</p> <p>10 Q. You get a thick skin in this job.</p> <p>11 A. It's a matter of what's right. And I've 12 always done what's right.</p> <p>13 Q. But Mr. Broom was at all times 14 cooperative on September 15.</p> <p>15 A. Yes, he was.</p> <p>16 Q. As far as you were concerned.</p> <p>17 A. As far as I was concerned he was.</p> <p>18 Q. Did you ever come to learn or have you 19 ever come to learn since September 15 any of the 20 reasons why the team was unable to get venous IV 21 access and peripheral veins that day?</p> <p>22 A. Have I ever come to learn of that?</p> <p>23 Q. Yeah, as you sit here today do you know 24 why they weren't able to get access that day?</p>	<p style="text-align: right;">Page 92</p> <p>1 security member at that point pulled the line and 2 yanked the thing out of the vein? Were you ever 3 informed about that fact?</p> <p>4 A. No. Never informed nor did I see it. 5 But I was in and out of the room multiple times 6 viewing from where I couldn't see the actual vein. 7 But I've not heard of that until you just mentioned 8 it.</p> <p>9 Q. So you're hearing it for the first time 10 from me.</p> <p>11 A. Right.</p> <p>12 Q. You made some statements today in your 13 testimony to the effect the team would get ridiculed 14 and that they were actually concerned about that and 15 expressed that concern to you during the first break; 16 is that correct?</p> <p>17 A. Yes. Team members did. I didn't say 18 medical team. It was team members. May have been 19 medical team. But it was team members.</p> <p>20 Q. Is it your view that any of those people 21 have been ridiculed as a result of these events of 22 Mr. Broom's execution?</p> <p>23 A. Yes.</p> <p>24 Q. And what do you mean by that? In what</p>
<p style="text-align: right;">Page 91</p> <p>1 A. No.</p> <p>2 Q. Do you know if it has anything to do with 3 things that are beyond Mr. Broom's control?</p> <p>4 A. I don't know.</p> <p>5 Q. In other words, some people just have bad 6 veins, correct? Or do you know that or not?</p> <p>7 A. I'm not a medical person, I don't know 8 that.</p> <p>9 Q. So just so we're clear, as you sit here 10 today you have no knowledge as to any of the reasons 11 why the IV access could not be achieved, whether 12 they're medical reasons, physical reasons, competency 13 reasons, any of that.</p> <p>14 A. I don't know.</p> <p>15 Q. Is that correct?</p> <p>16 A. No.</p> <p>17 Q. Were you ever told during that day or did 18 you ever learn during that day that Team Member 21, 19 who's the gentleman on the medical team with the 20 beard and kind of bushy hair, Team Member 21, he was 21 doing the right arm that he actually did get a 22 working IV started, did a drop bag test and the IV 23 was working fine, and he then passed it off to the 24 security member to put it up on the IV hook and the</p>	<p style="text-align: right;">Page 93</p> <p>1 ways do you believe they've been ridiculed?</p> <p>2 A. Well, I think bringing them into court 3 and putting them behind a shield dehumanized them at 4 the very beginning.</p> <p>5 Q. You mean having them testify anonymously?</p> <p>6 A. Yeah. I think seeing words in the paper 7 about the job that you do saying that you're 8 incapable, you're insensitive. Some of the other 9 what I think were totally cruel things to say about 10 somebody. So I believe they have been ridiculed and 11 I have concern for them.</p> <p>12 Q. Do you recognize and accept the fact that 13 the reason that they went on for two hours was 14 because the people, the brass, so to speak, you and 15 the other people in charge made the decision to go on 16 that long, correct?</p> <p>17 A. Yeah, but I'm not the ones out in the 18 papers ridiculing them either.</p> <p>19 Q. Had a decision been made after the first 20 30 minutes or after the first 45 minutes, that was 21 something you could have done if you wanted to.</p> <p>22 A. It wouldn't have made any difference if I 23 stopped after one minute.</p> <p>24 Q. Why not?</p>

Terry Collins

<p style="text-align: right;">Page 94</p> <p>1 A. Because you were going to do what you're 2 going to do anyway. 3 Q. You mean me or you mean just the lawyers? 4 A. Yeah, everybody. If they didn't, if they 5 weren't a hundred percent perfect a hundred percent 6 of the time, that means get it on the first stick 7 both arms and take the person in and have them 8 executed, they were going to be ridiculed. 9 Q. Have you given any thought to the fact 10 that Mr. Broom was there that day cooperating, as 11 you've said, ready to die, sort of resigned himself 12 to this fate and then had to wait and wait and wait 13 and the process didn't go quickly, didn't happen, 14 about what kind of impact that would have on him? 15 A. Yeah, I think that first four hours of 16 having to wait was cruel and unusual. 17 Q. You're talking about the appeal? 18 A. Yeah, I'm talking about the appeal. When 19 he was ready to accept the sentence at 10:00 o'clock 20 that morning and then have to wait for four hours, I 21 think that was a hell of a lot worse than spending 22 two hours trying to find a vein. 23 Q. Is that your testimony? 24 A. That's my testimony.</p>	<p style="text-align: right;">Page 96</p> <p>1 we're about to execute you. He's expecting it to be 2 quick and painless according to the Ohio statute, and 3 it's ten minutes and 15 minutes and 20, then an hour, 4 then two hours. 5 And all of that time he never knew ever 6 that day, did he, that there was a -- that a reprieve 7 was in the works until you told him about it after 8 the process happened, correct? 9 A. I don't think he would have known that, 10 no. 11 Q. And have you given any thought to what 12 that experience must have been like for him as a 13 fellow human being? 14 A. No, I haven't. 15 Q. You spoke earlier about the meeting with 16 the victim's mother and father, do you remember that? 17 A. Yes, I do. 18 Q. Were there tears during that meeting? 19 A. I think there was. 20 Q. By whom? 21 A. By the mother. 22 Q. Or anybody else? 23 A. I think the mother. 24 Q. You said she was very emotional; is that</p>
<p style="text-align: right;">Page 95</p> <p>1 Q. You think that's more stressful and 2 painful for an inmate? 3 A. Yes, absolutely I did. And I do today. 4 Q. And just so we're clear, you're comparing 5 the time prior to the execution even starting, a 6 warrant even being read, correct? 7 A. Yeah, when he was ready at 9:00 o'clock 8 that morning, at 10:00 o'clock that morning, and we 9 had to wait for four hours, you don't think that 10 played a part on him? 11 Q. Do you? 12 A. Yes, I do. 13 Q. In what way? 14 A. I think when he was ready at 10:00 15 o'clock that morning, the team had worked with him 16 for -- since 10:00, 11:00 o'clock the morning before 17 preparing him for a particular time and a person gets 18 their mind-set on a particular time and then be told 19 wait a minute, we're going to wait another four 20 hours. I think that's not good. 21 Q. But you'll agree or you don't think 22 there's a difference though between what you've just 23 described and the situation where the warrant's been 24 read, the lights are dimmed, the inmate is now told</p>	<p style="text-align: right;">Page 97</p> <p>1 your testimony? 2 A. Yeah, I said she was emotional. 3 Q. Do you know, I mean and this is the 4 question, and I don't mean to be flippant about that 5 at all. We've asked this of some of the other 6 witnesses. 7 Mr. Broom was hardly a stranger to the 8 Department of Rehabilitation and Corrections, 9 correct? 10 A. I think he'd been with us for 25 years. 11 Q. And he's relied on the Department for all 12 of his medical needs for that quarter century, 13 correct? In other words, you provide his medical, 14 right? 15 A. Yes. 16 Q. You at the Department. 17 A. Yes. 18 Q. He doesn't get his own doctor, for 19 example, correct? 20 A. No. 21 Q. He relies on the DRC and its 22 professionals to provide his medical care; is that 23 right? 24 A. Yes.</p>

<p style="text-align: right;">Page 98</p> <p>1 Q. The Department knew for at least four or 2 five months that the execution date was going to be 3 in September, correct?</p> <p>4 A. Yes.</p> <p>5 Q. And yet on the day he's executed these 6 problems with his veins become apparent, correct?</p> <p>7 A. Well, I don't know that I would agree 8 with that. I can't say that something doesn't 9 physiologically change in your body when you know 10 you're about to be executed. I don't know whether or 11 not your veins become smaller.</p> <p>12 And let's not forget that they were 13 gaining access to veins. They couldn't sustain the 14 veins.</p> <p>15 Q. Right. Whatever, I mean let's assume 16 that's true, that they were gaining access and they 17 weren't being sustained because of something with the 18 veins.</p> <p>19 A. Right, I don't know what that is.</p> <p>20 Q. I don't know what it is either.</p> <p>21 A. I don't know what it is.</p> <p>22 Q. But I guess my question is, without 23 meaning to be flippant, but there was 25 years to 24 sort of figure out whether there were going to be</p>	<p style="text-align: right;">Page 100</p> <p>1 got pretty good veins.</p> <p>2 So, no, I don't have a problem with 3 somebody saying, Director, for 25 years I've had this 4 guy and you're going to have problems getting his 5 veins this morning. I don't have a problem with 6 that, no, sir.</p> <p>7 Q. You wouldn't have wanted a heads up on 8 that?</p> <p>9 A. How would we have known that anyway?</p> <p>10 Q. I don't know. I mean, I guess you're 11 telling me --</p> <p>12 A. You're right, you don't know and I don't 13 know.</p> <p>14 Q. I'm not making any statement, I'm asking 15 the questions. I guess the question is nobody at DRC 16 made any effort to determine whether or not there was 17 going to be any problem with Mr. Broom's veins on 18 September 15.</p> <p>19 A. That's not true.</p> <p>20 Q. Well, then who did that?</p> <p>21 A. Well, whoever, you could probably look at 22 the record. I suppose you've asked for discovery in 23 all the records but our policy calls for somebody to 24 look at him upon arrival at SOCF, the evening of, and</p>
<p style="text-align: right;">Page 99</p> <p>1 problems getting access to his veins.</p> <p>2 Why did we not know before 3 September 15th of '09 that you're going to have 4 problems getting access to this man's veins and we 5 better have some other plan in place in case we do?</p> <p>6 A. Well, as of September 15th and the 7 morning of September 15th at 7:30 that morning I 8 didn't think I was going to have any problems with 9 his veins.</p> <p>10 Q. And I guess my question though is and I 11 know you personally --</p> <p>12 A. I don't think anybody else did either.</p> <p>13 Q. And I guess my question is is it 14 acceptable to you as the Director that nobody within 15 your agency did not know on September 15th that 16 there were potential problem with Mr. Broom's veins?</p> <p>17 A. I would like to know how they would know 18 there would be potential problems. Because nobody 19 understands or knows how somebody's body is going to 20 react, how much flood has been intaken, whether they 21 were drug users, not drug users.</p> <p>22 I don't know what happens to somebody's 23 body. Hell, when I go get blood drawn sometimes I 24 have to go three or fours times, and I assume I've</p>	<p style="text-align: right;">Page 101</p> <p>1 the morning of. So I'm sure somebody did that.</p> <p>2 But looking at the vein and saying that's 3 going to be good, maybe it disappears. I don't know. 4 I'm not a medical person. I don't have any reason to 5 know. And they didn't have any reason to believe 6 that morning they were going to have problems.</p> <p>7 Q. In the event problems occur with getting 8 the veins as of September 15, you'll agree with me 9 that the DRC had no backup plan in place for getting 10 access to Mr. Broom's circulatory system in order to 11 get these drugs through.</p> <p>12 A. That's correct, because we never 13 encountered that problem before. And as I testified 14 two times in deposition in this case and in public 15 hearing before Judge Frost was asked the questions 16 many times, what are you going to do, and I again 17 said going to have to wait and see because I've never 18 been there.</p> <p>19 This was an extraordinary case, maybe it 20 was an anomaly, I don't know. But the point of the 21 matter is they didn't -- the point of the matter is I 22 asked for a reprieve because we thought that was the 23 right thing to do.</p> <p>24 Q. Do you think it would be humane to allow</p>

<p>1 the State to attempt to execute Mr. Broom again after</p> <p>2 failing once?</p> <p>3 A. Yes, I do, because we never failed. We</p> <p>4 were in the preparatory stage. We never started an</p> <p>5 execution. I never pushed any drugs into Mr. Broom.</p> <p>6 The execution stage starts when we start pushing the</p> <p>7 drugs. We were in the preparatory stage.</p> <p>8 Q. Who says?</p> <p>9 A. That's the way our policy talks.</p> <p>10 Q. You'll agree though that the warrant had</p> <p>11 been read, correct?</p> <p>12 A. We never started --</p> <p>13 Q. Correct?</p> <p>14 A. Yeah, the warrant had been read,</p> <p>15 Mr. Sweeney.</p> <p>16 Q. The lights had been turned off.</p> <p>17 A. The lights were always turned off.</p> <p>18 Q. The lawyers were no longer allowed back</p> <p>19 there because you said the process was started.</p> <p>20 A. That's correct, the preparatory process.</p> <p>21 Q. It was all in the hands of the State at</p> <p>22 that point.</p> <p>23 A. That's correct. But I still disagree</p> <p>24 that we actually attempted to execute this person.</p>	<p>1 DRC before. Who called that meeting?</p> <p>2 A. I did.</p> <p>3 Q. Did you ask these people from the</p> <p>4 Governor's Office to come?</p> <p>5 A. Yes.</p> <p>6 Q. Were there any action items or what was</p> <p>7 decided at that meeting if anything?</p> <p>8 A. I don't think anything was decided.</p> <p>9 Q. Did you get any input at all -- why did</p> <p>10 you want representatives of the Governor's Office at</p> <p>11 this meeting?</p> <p>12 A. To discuss options that I may have.</p> <p>13 Q. Why would you want them there? As</p> <p>14 opposed to --</p> <p>15 A. Because they're ultimately going to be</p> <p>16 involved in the final decision and recommendation I</p> <p>17 make.</p> <p>18 Q. So you wanted to engage them right from</p> <p>19 the beginning.</p> <p>20 A. Yeah.</p> <p>21 Q. Did you make the decision after</p> <p>22 Mr. Broom's execution that we need to do something</p> <p>23 different?</p> <p>24 A. Well, I don't know if I made it that day</p>
Page 103	Page 105
<p>1 Q. You talked about the meeting with</p> <p>2 Mr. Markus after the attempt on September the 15th.</p> <p>3 Was that in your conference room?</p> <p>4 A. Yes.</p> <p>5 Q. Other than Mr. Markus who else was</p> <p>6 present from the Governor's Office?</p> <p>7 A. Jose Torres and Renuka Mayadev.</p> <p>8 Q. Could you spell that one?</p> <p>9 A. I can't. Renuka Mayadev.</p> <p>10 Q. Is that an attorney?</p> <p>11 A. No, she's an executive assistant in the</p> <p>12 Governor's Office.</p> <p>13 Q. Executive assistant to the Governor?</p> <p>14 A. For the criminal justice cluster, which</p> <p>15 I'm a part of it.</p> <p>16 Q. Who does she report to, do you know?</p> <p>17 A. I don't know. If I have questions I ask</p> <p>18 her and she moves up to the chain of command.</p> <p>19 Q. Is she an attorney?</p> <p>20 A. I don't know.</p> <p>21 Q. So those three people from the Governor's</p> <p>22 Office were present.</p> <p>23 A. Yes.</p> <p>24 Q. And I think you identified the folks from</p>	<p>1 or not, but I did make that decision, yes.</p> <p>2 Q. But after Mr. Broom's execution.</p> <p>3 A. Yeah, it had to be after September 15 so</p> <p>4 I guess you could say after.</p> <p>5 Q. And did anybody, did the Governor provide</p> <p>6 any input or pressure or anything like that on you,</p> <p>7 you know what I'm saying, to say Director Collins, we</p> <p>8 got to do something different?</p> <p>9 A. No.</p> <p>10 Q. So it really came from you; is that your</p> <p>11 testimony?</p> <p>12 A. That's correct.</p> <p>13 Q. And you wanted these folks from the</p> <p>14 Governor's Office there from the very beginning</p> <p>15 because you were anticipating that as the process</p> <p>16 unfolded, you were going to involve them and want</p> <p>17 them to provide input ultimately to approve whatever</p> <p>18 is done; is that right?</p> <p>19 A. Correct.</p> <p>20 Q. Did they provide any ideas or</p> <p>21 suggestions, the people from the Governor's Office,</p> <p>22 insofar as letting you know here's what the Governor</p> <p>23 would like to see done, that type of thing?</p> <p>24 A. No.</p>

<p>1 Q. Did they provide any ideas or</p> <p>2 suggestions?</p> <p>3 A. Not that I recall.</p> <p>4 Q. Were they there principally to listen as</p> <p>5 you saw it or to participate or both?</p> <p>6 A. I wouldn't have had them there if I</p> <p>7 didn't expect for them to participate. But I think</p> <p>8 they were more asking questions about what do other</p> <p>9 people do or what do you suggest we do.</p> <p>10 Q. Okay.</p> <p>11 A. Nobody's told me what to do.</p> <p>12 Q. And you've not made up your mind as you</p> <p>13 sit here today about what you will do?</p> <p>14 A. No, haven't made up my mind.</p> <p>15 Q. And your time frame I guess you told</p> <p>16 Mr. Porter was sometime before the next execution,</p> <p>17 which is in early December; is that right?</p> <p>18 A. Yes.</p> <p>19 Q. Would it be your anticipation, Director,</p> <p>20 that to have a recommendation made, approved by the</p> <p>21 Governor, policies written, ready to go by</p> <p>22 December 8, which I think is the next execution? Is</p> <p>23 that your anticipation today as you sit?</p> <p>24 A. I don't know when the next execution is.</p>	<p>1 like to have all this behind me.</p> <p>2 Q. Is it Greg Trout that's carrying the ball</p> <p>3 on this or Ed Voorhies or who?</p> <p>4 A. Greg Trout is the one that's been talking</p> <p>5 with Dershowitz. So I would kind of say he's where</p> <p>6 the key is. Dershowitz is looking at the various</p> <p>7 options that we proposed and telling us whether or</p> <p>8 not they would be acceptable options.</p> <p>9 Q. Would it be your anticipation there would</p> <p>10 need to be training of the team on whatever option is</p> <p>11 selected?</p> <p>12 A. Would depend on what option's selected.</p> <p>13 Q. But would it be your anticipation there</p> <p>14 could involve a need to train the team depending on</p> <p>15 what decision is made?</p> <p>16 A. May or may not need to be trained. I</p> <p>17 don't know.</p> <p>18 Q. Unless the protocol is changed in some</p> <p>19 way before the next execution and if we assume that</p> <p>20 we have somebody show up with similar problems with</p> <p>21 veins as Mr. Broom did on the 15th of September,</p> <p>22 would you agree that the Department is not prepared</p> <p>23 for any different result than what they got on</p> <p>24 September 15?</p>
Page 107	Page 109
<p>1 Q. I think it's December 8, Mr. Biros.</p> <p>2 A. I don't know. I don't have my calendar</p> <p>3 by the executions I have.</p> <p>4 Q. I know, but I'm telling you that's the</p> <p>5 next execution.</p> <p>6 A. I accept that I got to make a decision on</p> <p>7 what method I want to use and I went through a whole</p> <p>8 bunch of methods I'm considering. And then I got to</p> <p>9 change the policy, which is not a whole lot of --</p> <p>10 that's not real hard to do. It's getting some</p> <p>11 reports from and advice from Dr. Dershowitz. So I</p> <p>12 don't know how long that's going to take. I didn't</p> <p>13 tell him to do it real fast.</p> <p>14 Q. Did you give a deadline --</p> <p>15 A. No.</p> <p>16 Q. -- to Dr. Dershowitz?</p> <p>17 A. No.</p> <p>18 Q. Do you know if anybody has?</p> <p>19 A. I don't know if anybody has. I didn't</p> <p>20 give anybody a deadline.</p> <p>21 Q. That's what I'm trying to get a sense in</p> <p>22 these depositions whether you've got some time frame</p> <p>23 you're working under, and it sounds like you don't.</p> <p>24 A. I don't. The quicker the better. I'd</p>	<p>1 A. No, I believe we're prepared to move</p> <p>2 forward and have successful completion. Been</p> <p>3 successful 32 of 33 times.</p> <p>4 Q. But if you have an inmate who arrives on</p> <p>5 December 8, or whatever that date is, who for</p> <p>6 whatever reason presents the same type of vein access</p> <p>7 issues that Mr. Broom has presented, take that as a</p> <p>8 given, you have the same issues, would you agree that</p> <p>9 the Department would not be prepared to carry out an</p> <p>10 execution on that date?</p> <p>11 A. If I had are you saying --</p> <p>12 Q. Same problems as Mr. Broom.</p> <p>13 A. I'd probably ask for another reprieve.</p> <p>14 Q. Okay.</p> <p>15 A. But I don't know.</p> <p>16 Q. So we'd be in the same position on</p> <p>17 December 8th as we were in on September 15th,</p> <p>18 you'd expect the same result.</p> <p>19 A. If I did everything exactly the same.</p> <p>20 But I don't expect that problem, so.</p> <p>21 Q. Well, obviously nobody knows what you'll</p> <p>22 see on the 8th of December, correct?</p> <p>23 A. Well, I don't think so, no.</p> <p>24 Q. What do you mean "no"?</p>

Page 110	Page 112
<p>1 A. Well, you thought earlier I should have 2 25 years ago figured out Broom had bad veins. So I 3 don't think that could be figured out so I would say 4 no. 5 Q. I guess I'm just unclear, what are you 6 saying "no" to? No what? 7 A. That I'll know that they'll have bad 8 veins come December whenever it is. 9 Q. Yeah, you're agreeing you will not know, 10 correct? 11 A. There's no way to know. 12 Q. All right, just want to make sure I 13 understand your testimony. 14 And if that person shows up and does have 15 bad veins, your expectation is the same result as 16 what happened on September 15, correct? 17 A. I don't know what to expect until I get 18 there. 19 MR. SWEENEY: I have no further 20 questions. Thank you, Director. 21 - - - 22 EXAMINATION 23 BY MR. BOHNERT: 24 Q. Just real quickly I want to get this done</p>	<p>1 Q. I guess what I'm trying to ask is what's 2 the likelihood that we just stand pat and don't 3 change a thing and that's going to be the decision? 4 Not that there's nothing ready yet but 5 just at the end of the whole consideration process 6 and the presentation and the recommendation of the 7 Governor, what's the likelihood that the end result 8 of that product will be the same thing that we 9 currently have? 10 A. Unlikely. 11 Q. Unlikely. Like if you had to put a 12 percentage on it. 13 A. I don't know. I don't know. 14 Q. I'm just -- 15 A. Come on. I mean, I've considered lots of 16 different options so I'm not going to bias my opinion 17 today on I think this one's better than that one. 18 Q. I'm not saying -- maybe you 19 misunderstood. I'm not saying choose between the 20 various options. 21 A. Asked me which one did I like the best or 22 which one I liked the most. 23 Q. What's the percentage still going forward 24 the final choice is to use peripheral IV access with</p>
Page 111	Page 113
<p>1 as fast as everyone else, it's been a long two weeks 2 for all of us. 3 I'm Allen Bohnert again, from the Public 4 Defender's Office. I have questions specific to you. 5 You talked about the slew of different 6 options that are on the table at this point. Just 7 wondering if you have any thoughts personally on what 8 you would prefer as the protocol going forward. 9 A. Whichever one the doctors will tell me is 10 the best one to use. 11 Q. So today before having received any of 12 that stuff from Dr. Dershowitz you don't -- you 13 haven't kind of concluded or thought about what you 14 would prefer? 15 A. No. 16 Q. I guess kind of along the same lines, do 17 you have any thoughts on what's the likelihood of 18 keeping the same thing, three drugs, IV peripheral, 19 IV access, versus doing something else, whatever that 20 happens to be whether it's IO, whether it's 21 intramuscular, one drug, more than one drug, 22 whatever, do you have any thoughts on the likelihood 23 of one of those versus the other? 24 A. I'm not sure I understand your question.</p>	<p>1 the three drug protocol that is the sodium 2 thiopental, pancuronium bromide, and potassium 3 chloride as it had been? 4 A. And my answer is it's unlikely. 5 Q. You're not able to ballpark it? 6 A. I'm not going to ballpark it. 7 Q. Just real quick, you did say in reference 8 to your thoughts you said you would prefer whichever 9 one the doctors would prefer? 10 A. Well, I certainly have to have an 11 expert -- 12 Q. Certainly. 13 A. -- say this is it. And then I have to be 14 willing to say that's the one I want. And then I 15 guess I'll take the likelihood of chances of what 16 happens after that. 17 Q.
